The thing raised its mouth and crawled over beside the boy's face. It sat on the arm of the couch like a little gnome and smiled. It ran its fingers down the side of Detweiler's cheek and pushed his damp hair back out of his eyes. Detweiler's expression was euphoric. He sighed softly and opened bis eyes sleepily. After a while he sat up.."I honestly don't know, Miss . . ." (He'd forgotten her last name.) ". . . Georgia." "But yours are particularly nice. How much did you pay for them, if you don't mind my asking?"I sat and watched Detweiler. The trembling had stopped. He was asleep or unconscious. I reached.upward. Someone immediately spilled the beans about Zorphwar. (I suspect it was J.L., covering his ass.) Friday afternoon Westland came slamming into my office to ask about a thousand questions about our schedules and the cost of running Zorphwar. I tried to get him to try using the program, but he was too upset to listen to reason. He gave me one hour to produce a full report justifying the project and went storming back up to the executive wing. Barry said (jokingly, of course) that he wouldn't object to bartering his virtue for an endorsement, or preferably two, to which Michelle replied (quite seriously) that unfortunately she did not know anyone who might be in the market for Barry's particular type. Generally, she observed, it was younger people who got their endorsements by putting out.Prismatica.Once there was a poor man named Amos. He had nothing but his bright red hair, fast fingers, quick feet, and quicker wits. One grey evening when the rain rumbled in the clouds, about to fall, he came down the cobbled street toward Mariner's Tavern to play jackstraws with Billy Belay, the sailor with a wooden leg and a mouth full of stories that he chewed around and spit out all evening. Billy Belay would talk and drink and laugh, and sometimes sing. Amos would sit quietly and listen?and always win at jackstraws..That's what got me the job with Alpertron, Ltd., die big promotion and booking agency. I'm on the concert tour and work their stim board, me and my console over there on the side of the stage. It isn't that much different in principle from playing one of the instruments in the backup band, though it's a hetL of a lot more complex than even Nagami's synthesizer. It all sounds simple enough: my console is the critical link between performer and audience. Just one glorified feedback transceiver: pick up the empathic load from Jain, pipe it into the audience, they react and add their own load, and I feed it all back to the star. And then around again as I use the sixty stim tracks, each with separate controls to balance and augment and intensify. It can get pretty hairy, which is why not just anyone can do the job. It helps that I seem to have a natural resistance to the sideband stopover radiation from the empathic transmissions. "Ever think of teaching?" said the school voc counselor. "No," I said. Shaw, Pauline Kael, Eric Bentley, and James Blish have all done it. That I'm doing it too, doesn't prove I'm in the same league, but it does indicate the persistence of the issues involved and that they occur outside, as well as inside, science fiction..I See You 9."Today the sustenance that our industries crave is not oil, but minerals. Fifty years from now our understanding of controlled-fusion processes will probably have eliminated that source of shortages too, but in the meantime shorter sighted political considerations are recreating the climate of tension and rivalry that hinged around the oil issue at the close of the last century. Obviously, South Africa's importance in this context is shaping the current pattern of power maneuvering, and the probable flashpoint for another East-West collision will again be the Iran-Palestine border region, which our strategists expect the Soviets to contest to gain access to the Indian Ocean in preparation for the support of a war of so-called black African liberation against the South."..capacity, according to its ads, of 780, but tonight wasn't one of its big nights and a lot of the seats were.(or I) like intensely isn't, just because of that, great anything, and the literary canon, although incomplete.The brother-in-law meets him in the hall. In the first place, only minimal flooding has occurred since the Inundation; in the second, it's highly unlikely that Yahweh will again choose that particular form of chastisement should future foul-ups on the part of the human race necessitate additional punishment; and in the third, if he does decide on a second Inundation, you can rest assured that it will be of such dimensions that the only thing the Project will be a haven for will be fish. But I'll play the game fair: I'll see to it that the members of Local 209 have access to these minutes; and if, after reading them, they wish to take another strike vote, I won't stand in their way. people lived amid shantytown squalor around the blackened and twisted skeletons of their cities and huddled in lines in the snow for their ration of soup and bread at government field-kitchens; about his mother laboring fifteen hours a day cutting boards for prefabricated houses to put two skimpy meals of beef broth and rice from the Chinese food ships on the table each day and to buy one pair of utility-brand pressed-paper shoes per person every six months; about his older brother killed in the fighting with the hordes that had come plundering from the Caribbean and from the south.."Over there," said Amos pointing back out the door, "is that end.
