

## **A SUMMER JAUNT BEING A RAMBLING AUTOBIOGRAPHY**

"But you wouldn't be willing to use that skill in the King's service?" Even on good days, when he wasn't hassled by the spirits of dead cops and wasn't prepping himself to commit murder, Junior sometimes grew uncomfortable in these bustling crowds. This afternoon, he felt especially claustrophobic as he shouldered through the throng-and admittedly paranoid, too..He never passed through a phase during which he grew resistant to hugging or kissing. He was a hand-holding, cuddling boy to whom displays of affection came easily..That same day, he dared to visit two galleries. Neither of them had a pewter candlestick on display..After examining Barty, Dr. Schurr sent them to the hospital for further tests. There they spent the rest of the day, except for an hour break during which they ate lunch in a burger joint.."Another year," Edom said, "and instead of me, Barty can drive the car for you."..Not every coincidence, however, has meaning. Toss a quarter one million times, roughly half a million heads will turn up, roughly the same number of tails. In the process, there will be instances when heads turn up thirty, forty, a hundred times in a row. This does not mean that destiny is at work or that God-choosing to be not merely his usual mysterious self but utterly inscrutable-is warning of Armageddon through the medium of the quarter; it means the laws of probability hold true only in the long run, and that short-run anomalies are meaningful solely to the gullible.."Sitters. Friends, relatives of friends. People I can trust. I can afford sitters if I'm getting only dinner tips."..In spite of its dazzle, the detective's smile was nonetheless melancholy, proof that he was sincere when he said that Seraphim's baby was beyond their reach..Initially, lying drowsily in the sumptuous comfort of Pratesi cotton sheets with black silk piping, Junior assumed that he was in a twilight state between wakefulness and sleep, and that the singing must be a lingering fragment of a dream. Although rising and falling, the voice remained so faint that he didn't at once identify the tune, but when he recognized "Someone to Watch over Me," he sat up in bed and threw back the covers..I know what you're thinking," her mother said, reaching across the table and placing one hand over Celestina's. "I know how useless you feel, how helpless, how small, but you must remember this . . .The man's voice echoed hollowly in Junior's ears, as if coming from the far end of a tunnel. Or from the terminus of a death-row hallway, on the long walk between the last meal and the execution chamber..Never would he pause to reload at this desperate penultimate moment, when success or failure might be decided in mere seconds. That would be the choice of a man who thought first and acted later, the behavior of a born loser.."That discord sets up lots of other vibrations, some of which will return to you in ways you might expect-and some in ways you could never see coming. Of the things you couldn't have seen coming, I'm the worst."..We know a dozen different Arthurs now, all of them true. The Shire changed irrevocably even in Bilbos lifetime. Don Quixote went riding out to Argentina and met Jorge Luis Borges there. Plus c'est la meme chose, plus fa change..Worse, to make credible his anguish and to avoid suspicion, he would have to play the devastated widower for at least another couple weeks, perhaps for as long as a month. As a dedicated follower of the self-improvement advice of Dr. Caesar Zedd, Junior was impatient with those who were ruled by sentimentality and by the expectations of society, and now he was required to pretend to be one of them-and for an interminable period of time..The toast now came to Celestina. "To Phimie, who will be with me in memory every hour of every day for the rest of my life, until she is with me again for real. And to ... to this most momentous day."..At 3:31 A.M., even the early-winter dawn wasn't near, yet Junior was too awake to return to bed. Though sweet, though melancholy, never ominous, the ghostly singing had left him feeling ... threatened. He considered taking a shower and getting an early start on the day. But he kept remembering Psycho: Anthony Perkins dressed in women's clothes and wielding a butcher knife..the floor, on a silk-covered pillow filled with goose down. With a sigh " he assumed the lotus position: spine straight, legs crossed, hands at rest with the palms up.."As I explained, he might have thought I was you," Edom said, staring at the neatly ordered volumes on the nearby bookshelves..In the kitchen were a radio, a toaster, a coffeepot, two place settings of cheap flatware, a small mismatched collection of thrift-shop plates and bowls and mugs, and a freezer full of TV dinners and English muffins..He almost opened the paper atop the quarter before seeing it. Shiny. Liberty curved across the top of the coin, above the head of the patriot, and under the patriot's chin were stamped the words In God We Trust..Junior opened his eyes and saw that only the second of the two rounds had found its intended mark. The first had cracked through the center of a cabinet door, surely shattering dishes within..Flanked by Dumpsters and trash cans, through steam rising out of grates in the pavement, past parked delivery trucks, here came the dead cop. Running..THE SANDMAN WAS powerless to cast a spell of sleep while Junior spent the night flushing away enough water to drain a reservoir..Although, by unspoken agreement, they avoided any talk of loss and death, the mood remained grim. Angel sat in thoughtful silence, pushing her food around her plate rather than eating it. Her demeanor intrigued Tom, and he noticed that it worried her mother, who put a different interpretation on it than he did..Soundlessly, reluctantly, Agnes pulled the bedroom door nearly shut, and went down to the kitchen, where she sat alone, drinking coffee and nibbling at mysteries. Of all the gifts that Barty opened on Christmas morning, the hardback copy of Robert Heinlein's *The Star Beast* was his favorite. Instantly enchanted by the promise of an amusing alien creature, space travel, an exotic future, and lots of adventure, he seized every opportunity throughout the busy day to crack open those pages and to step out of Bright Beach into stranger places..Polio, largely an affliction of younger children, had stricken her two weeks before her fifteenth birthday. Thirty years ago..Startled, he braked to a halt. Agnes didn't say anything until Joey had taken three or four deep..Magusson was a small man behind a huge desk. His head appeared too large for his body, but his ears seemed no bigger than a pair of silver dollars. Large protuberant eyes, bulging with shrewdness and feverish with ambition, marked him as one who'd be hungry a minute after standing up from a daylong feast. A button nose too severely turned up at the tip, an upper lip long enough to rival that of an

orangutan, and a mean slash of a mouth completed a portrait sure to repel any woman with eyesight; but if you wanted an attorney who was angry at the world for having been cursed with ugliness and who could convert that anger into the energy and ruthlessness of a pit bull in the courtroom, even while using his unfortunate looks to gain the jurors' sympathy, then Simon Magusson was the counselor for you..This consequence of rape, the baby, was less baby to Celestina than cancer, a malignancy excised rather than a life delivered. She had been no more impelled to study the child than she would have been, charmed to examine the glistening gnarls and oozing convolutions of a freshly plucked tumor. Consequently, she could remember nothing of its squinched face..Avoiding the graveled driveway, on which he was more likely to scuff his freshly polished loafers, he approached the house across the lawn, beneath the moon-sifting branches of a great pine that made itself useless for Christmas by spreading as majestically as an oak..Celestina nodded, unable to respond to the aide's kindness. Sometimes kindness can shatter as easily as soothe..Sudden rain spared her the need to finish the sentence. A few fat drops drew both their faces to the sky, and even as they rose to their feet, this brief light paradiddle of sprinkles gave way to a serious drumming..On Thursday, December 28, employing forged driver's licenses and social-security cards as identification, Junior opened small savings accounts and also rented safe-deposit boxes for Pinchbeck and Gammoner at different banks with which he'd never previously done business, using the mailing addresses that he'd established earlier..Although Junior had not answered, Vanadium said, "Yes, I thought you heard it."..Spacious, the living room was furnished for two purposes: as a parlor in which to receive visiting friends, but also with two beds, because here Paul and Perri slept every night..As always in uncertainty, she asked herself what her mother would do in this situation. Grace, of infinite grace, unfailingly did precisely the needed thing, knew exactly the right words to console, to enlighten, to charm a smile out of even the miserable. Often, however, the needed thing involved no words, because in our journey we so often feel abandoned, and we need only to be reassured that we are not alone..When Seraphim's bastard baby was dead, evidence of paternity would die with it-and any claim for child support. Even Vanadium's stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit would have to recognize that all hope of bringing Junior down was lost, and it would at last either dissipate in frustration or be reincarnated..Against the sight of Franklin Chan's pity, which implied the hopelessness of Barty's condition, Agnes closed her eyes. But she opened them at once, because this chosen darkness reminded her that unwanted darkness might be Barty's fate..The funeral director and his assistant were the only people, other than Junior, remaining at the grave. They asked if they might lower the casket or if he would rather that they wait until he was gone.. "There must be something important I'm supposed to do here that I don't need to do everywhere I am, something I'll do better if I'm blind."..In case someone was waiting in the hallway, he flushed the john for authenticity, though binding foods and paregoric still gave him the sturdy bowels of any brave knight in battle.. "I suspect," Tom said, "that any job you set your mind to, you'd be as good as you are at teeth."..The blue vault above, cloudless now, was the most threatening sky that Edom had ever seen. The air was astonishingly dry so soon after a storm. And still. Hushed. Earthquake weather. Before this momentous day was done, great temblors and five-hundred-foot tidal waves would rock and swamp the coast..Every distorted shape, every smear of color, every swath of light and shudder of shadows resisted her attempts to relate them to the world she knew, as if shimmering before her were the landscape of a dream..Agnes leaned forward in her chair: knees together, clasped hands resting on her knees, forehead against her hands.. "I mean," said Dr. Lipscomb, "that I'm selling my practice and putting an end to my medical career. I wanted you to know."..His previous plan to create a tableau-butter on the floor, open oven door-to portray Victoria's death as an accident was no longer adequate. A new strategy was required..Taking no chances, Junior swung the candlestick again, bending down as he did so. The second impact was not as solid as the first, a glancing blow, but effective.. "Does my dad like Christmas?" Barty asked, sitting on the grave grass in front of the headstone..IN NEED OF OIL, the hand crank squeaked, but the tall halves of the casement window parted and opened outward into the alleyway..Jacob didn't know how he could ever bear to look at Agnes when she came home from the hospital. The sorrow in her eyes would kill him as surely as a knife to the heart..Junior discovered more tears than could have been found in ten thousand onions. His wife and his unborn baby. He had been willing to sacrifice his beloved Naomi, but maybe he would have found the cost too high if he had known that he was also sacrificing his first-conceived child. This was too much. He was bereft..Devil mountains, sacred islands, sacramental rivers and cities, Jesuits: These spiritual references at every turn made Junior uneasy. This was a haunted night, no doubt about that. He wouldn't have been greatly surprised if he had glanced at his rearview mirror and seen Thomas Vanadium's blue Studebaker Lark Regal closely tailing him, not the real car raised from Quarry Lake, but a ghostly version, with the filthy-scabby-monkey spirit of the cop at the wheel, an ectoplasmic Naomi at his side, Victoria Bressler and Ichabod and Bartholomew Prosser and Neddy Gnathic in the backseat: the Studebaker packed full of spirits like a bozo-stuffed clown car in a circus, though there would be nothing funny about these revenge-minded spooks when the doors flew open and they came tumbling out..The port-wine birthmark appeared to be darker than before and differently mottled than he remembered it.. "Living high. When I wasn't on the road, I had a fine house here in Bright Beach, not this rental shack I'm in now, but a nice little place with an ocean view. You can guess what went wrong."..Instead, he encountered an elderly woman getting out of a red Pontiac with a fox tail tied to the radio antenna. A quick glance around confirmed that they were unobserved, so he clubbed her on the back of the head with the butt of his 9-mm pistol..Surprisingly, he received a lot of gratification from voicing this insult, even though Vanadium was too dead to hear it..Out of Phimie's humiliation, terror, suffering, and death had come Angel, whom Celestina had first and briefly hated, but whom now she loved more than she loved Wally, more than she loved herself or even life itself. Phimie, through Angel, had brought Celestina both to Wally and to a fuller understanding of their father's meaning when he spoke of this momentous day, an understanding that

brought power to her painting and so deeply touched the people who saw and bought her art..Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt..Eye to eye with Tom, Celestina herself did some clear-seeing. "You're special, too, in lots of obvious ways. But like Angel, you're special in some secret way ... aren't you?".She thought of herself as a creative person, a capable and efficient and committed person, but she did not think of herself as a strong person. Yet she would need great strength for what lay ahead.. "They're all the family I have," Junior said with what he hoped sounded like sorrow and long-suffering love..In reality, it had been a homely device, a mere box. In memory, it seemed ominous, charged with the evil portent of a nuclear bomb.. "Anyway, something clicked in me on the roller coaster, and I grasped a new angle of approach to the problem. I've figured out that I can walk in the idea of sight, sort of sharing the vision of another me, in another reality, without actually going there." He smiled into her astonishment. "So what do you say about that?".Tom received a fierce hug, too, and a sisterly kiss, and he was grateful for them. He had been a loner for too long, as a hunter of men pretty much had to be when on a long hard road of recuperation and then on a mission of vengeance, even if he called it a mission of justice. During the few days he'd spent guarding Celestina and Grace and Angel in the city, and subsequently during the week with Wally, Tom had felt that he was part of a family, even if it was just a family of friends, and he had been surprised to realize how much he needed that feeling..Extracting documents from his valise, Vinnie said, "Well, I've no right to talk. Food is my obsession. Look at me, so fat you'd think I'd been raised from birth for sacrifice..".Outside, he turned to look at the display windows. He expected to see the candlestick, supernaturally apparent only from this side of the glass, but it wasn't there. Throughout the autumn, Junior read book after book about ghosts, poltergeists, haunted houses, ghost ships, s?ances, spirit rapping, spirit manifestation, spirit writing, spirit recording, trance speaking, conjuration, exorcism, astral projection, Ouija-board revelation, and needlepoint..When she still didn't meet his stare, he seized her by the chin and tipped her head back..He was confused initially, frowning at the heart monitor and at the IV rack that loomed over him. When his eyes met Celestina's, his gaze clarified, and the smile that he found for her brought as much light into her heart as the diamond ring he had slipped onto her finger so few hours before..I believe the universe is sort of like an unimaginably vast musical with an infinite number of strings..".All right. I get my new eyes from a doctor. They're not real eyes, just plastic, to fill in where my eyes used to be..".On this morning in March, minutes after the pie caravan had departed, Edom got his Ford Country Squire out of the garage and drove to the nursery, which opened early. Spring was drawing near, and much work needed to be done to make the most of the rosarium that Joey Lampion had encouraged him to restore. He happily contemplated hours of browsing through plant stock, tools, and gardening supplies..He added verisimilitude to his threats by concluding with a few hard punches where they wouldn't show, in her breasts and belly, and then he, went home to Naomi, to whom he'd been married, at that time, less than five months..One of the paramedics knelt beside the body, checking Naomi for a pulse, although in these circumstances, his action was such a formality that it was almost harebrained..He had not yet disposed of her personal effects. In the dark, he went to the dresser, opened a drawer, and found a cotton sweater that she had worn recently..In Maria's kitchen, still just four days past Christmas, Agnes let dissolve her stoic mask, and wept at last..Junior could neither speak nor even mewl in agony. All the saliva had been draining forward, out of his open mouth, for so long that his throat was parched and raw. He felt as though he had munched on a snack of salted razor blades that were now stuck in his pharynx. His rattling wheeze sounded like scuttling scarabs..Angel found this hysterical, and Agnes said long-sufferingly, "Thank you for the language lesson, Master Lampion..".Kneeling at her side, Junior placed the decorative pillow over her lovely face and pressed down firmly while Frank Sinatra finished "Hello, Young Lovers," and sang perhaps half of "All or Nothing at All." Victoria never regained consciousness, never had a chance to struggle..He considered himself to be a thoroughly useless man, taking up space in a world to which he contributed nothing, but he did have a talent for baking. He could take any recipe, even one from a world-class pastry chef, and improve upon it..During the following day, January 6, as Phimie was wheeled around the hospital for tests in various departments, Celestina remained in 724, working on her portfolio for a class in advanced portraiture. She was a Junior at the Academy of Art College.. "I thought so," Angel said, dubiousity squinching her face. "Mrs. Orwall made me cheese..".Junior in the fog. Trying oh-so-hard to live in the future, where the winners live. But being relentlessly sucked back into the useless past by memory..Certain the caller was the police operator, Junior screamed as though in agony, wondering if his cries sounded genuine, since he'd had no opportunity to rehearse. Then, in spite of the painkiller, his cries suddenly were genuine..Neither of them needed to confirm their mutual attraction with even so much as an additional nod or a smile. Victoria knew, as he did, that their time would come, when all this current unpleasantness was I behind them, when Vanadium had been thwarted, when all suspicion had been forever laid to rest.. "After Elfarran and Morred perished and the Isle of Solea sank beneath the sea, the Council of the Wise governed for the child Serriadh until he took the throne. His reign was bright but brief. The kings who followed him in Enlad were seven, and their realm increased in peace and wealth. Then the dragons came to raid among the western lands, and wizards went out in vain against them. King Akambar moved the court from Berila in Enlad to the City of Havnor, whence he sent out his fleet against invaders from the Kargad Lands and drove them back into the East. But still they sent raiding ships even as far as the Inmost Sea. Of the fourteen Kings of Havnor the last was Maharion, who made peace both with the dragons and the Kargs, but at great cost. And after the Ring of the Runes was broken, and Erreth-Akbe died with the great dragon, and Maharion the Brave was killed by treachery, it seemed that no good thing happened in the Archipelago..Recently, Wally administered to Angel a set of apperception tests for three-year-olds, and the results indicated that she might not ever be a math whiz or a verbal gymnast, but that she might be highly talented in other ways. Her appreciation of color, her innate understanding of the derivation of secondary hues from the primary colors, her sense of spatial

relationships, and her recognition of basic geometric forms regardless of the angle at which they were presented were all far beyond what was exhibited by other kids her age. Wally said she was visually, rather than verbally, gifted, that she would undoubtedly exhibit increasing precociousness in matters artistic, that she might follow Celestina's career path, and that she might even prove to be a prodigy..Her awful sense of weightlessness became something much better: buoyancy, an exhilarating lightness of spirit. Fear remained with her-fear for Barty, fear of the future and of the strange complexity of Creation that she'd just glimpsed-but wonder and wild hope now tempered it..Another stiff might have required dragging; but Neddy weighed hardly more than a five-foot-ten breadstick. Junior hauled the body off the ground and slung it over one shoulder in a fireman's carry..Although he related well to the theme of moral relativism and personal autonomy in a value-neutral world, Junior grew apprehensive about each impending scene of violence, and closed his eyes against the prospect of blood. He resented having to endure ninety minutes of the film before Google finally settled into the seat beside him.."See this?" He placed the pepper shaker in front of her on the room-service table and held the salt shaker concealed in his hand..straddles him, driving big fists into his back, brutally into his sides. With high fences and hedgerows of Indian laurels.He might not have this future-living thing down perfectly, but he was absolutely terrific at anger..He woke at noon, eyes gummed shut with the effluence of sleep. He felt lousy, but he was in control of himself-and strong enough to fetch his suitcase, which he'd been unable to carry upon arrival..She put down her fork, glanced around the restaurant once more, and leaned across the table. Blushing brighter, she softly sang the opening lines of "Someone to Watch over Me." AGNES ALWAYS ENJOYED Christmas Eve dinner with Edom and Jacob, because even they tempered their pessimism on this night of nights. Whether the season touched their hearts or they wanted even more than usual to please their sister, she didn't know. If gentle Edom spoke of killer tornadoes or if dear Jacob was reminded of massive explosions, each dwelt not on horrible death, as usual, but on feats of courage in the midst of dire catastrophe, recounting astonishing rescues and miraculous escapes..Junior examined the music collection. The policeman's taste ran to big band music and vocalists from the swing era..He loved Naomi, of course, and never could deny her. Although he had been especially sweet to her that night, if he had known that they would have less than a year together before fate tore her from him, he might have been even sweeter..During the night, he had awakened, seen her in the chair, and covered her with a blanket..He possessed vast files on tragic fires, and most of them were committed to memory. In Vienna's magnificent Ring Theater, December 8, a blaze claimed 850 lives. On May 25, 1887, 200 dead at the Opera Comique, Paris. November 28, 1942, in the Coconut Grove nightclub in Boston-when Jacob was only fourteen years old and already.These kids were the same age, yet listening to them was akin to hearing Angel do her charming shtick with an adult who had a lot of patience, a sense of humor, and an awareness of generational ironies..His profession was cocktail piano, though he didn't have to earn a living at it. He had inherited a fine four-story house in a good neighborhood of San Francisco and also a sufficient income from a trust fund to meet his needs if he avoided extravagance. Nevertheless, he worked five evenings a week in an elegant lounge in one of the grand old hotels on Nob Hill, playing highly refined drinking songs for tourists, businessmen from out of town, affluent gay men who stubbornly continued to believe in romance in an age that valued flash over substance, and unmarried heterosexual couples who were working up a buzz to ensure that their rigorously planned adulteries would seem glamorous..Darkness, the one source of childhood fear that most adults never quite outgrow, held no terror for Barty. Although for a while his bedroom featured a Mickey Mouse night-light, the miniature lamp was there not to soothe the boy, but to quiet his mother's nerves, because she worried about him waking alone, in blackness..In spite of its dazzle and power and comfort, however, the car was not able to lift his spirits as he cruised the hills of the city. Somewhere along these darkly glistening streets, in these houses and high-rises clinging to steep slopes awaiting seismic sundering, the boy was sheltered: half Negro, half white, full doom to Junior Cain.."Really? You really think that?" he asked in his flat voice, which he sometimes wished were more musical, but which he knew lent a sober conviction to anything he said. "You think something so delicious could come from a fat, smelly, dirty, snorting old pig?" "July 6, 1944, in Hartford, Connecticut, a fire broke out in the great tent of the Ringling Brothers and Barnum and Bailey Circus at two-forty in the afternoon, while six thousand patrons watched the Wallendas, a world-famous high-wire troupe, ascend to begin their act. By three o'clock, the fire burned out, following the collapse of the flaming tent, leaving one hundred sixty-eight dead. Another five hundred people were badly injured, but one thousand circus animals-including forty lions and forty elephants-were not harmed." Mary Lampion, little light, was home-schooled as her father and mother had been. But she didn't study just reading, writing, and arithmetic. Gradually she developed a range of fascinating talents not taught in any school, and she went exploring in a great number of the many ways things are, journeying to worlds right here but unseen.
