"Only for the time being. I'm not suggesting that we overthrow the government tomorrow. A successful revolution isn't possible until the have done so in the past, and it did them no good." The years Fallows remembered had come later, when the slender fingers of gleaming new cities were beginning to claw skyward once more from the deserts of rubble, and new steel and aluminum plants were humming and pounding while on the other side of the world China and IndiaJapan wrestled for control over the industrial and commercial might of the 'East. Those had been stirring years, vibrant years, inspiring years. Fallows remembered the floodlit parades in Washington on the Fourth of July-the color and the splendor of the massed bands, the columns of marching soldiers with uniforms glittering and flags flying, the anthems and hymns rising on the voices of tens of thousands packed into Capitol Square, where the famous building had once stood. He remembered strutting into a high-school ball in his just acquired uniform of the American New Order Youth Corps and pretending haughtily not to notice the admiring looks following him wherever he went. How he had bragged to his envious friends after the tint weekend of war gaming with the Army in the New Mexico desert . . . the exhilaration when America reestablished a permanently manned base on the Moon..
