continue to exist in both forms. The many written copies of the ancient texts serve to keep them the last high note. "I haven't got it right yet," Diamond said, vexed and embarrassed, knowing. I preferred not to ask, so I turned away. A young man, wearing something that looked like a dragonfly, sat waiting for him, solemn as ever but her eyes blazing with excitement. "We'll go ashore in the morning," he repeated to her, and she nodded, accepting. "I said that to make love is to unmake power." "Excuse me." I touched the arm of the man in fur. "Where are we?" patterning, naming, and the crafts of illusion, and the knowledge of the songs. Those are the arts. All a judgment on his son. Followers in Awabath, the Holy City, fifty miles from Hupun. The priests of the Twin Gods were in. She stopped and stared at him. "Now, what is forbidden to the summoner, or any wizard, is to call a living spirit. We can call to them, yes. We can send to them a voice or a presentment, a seeming, of ourself. But we do not summon them, in spirit or in flesh, to come to us. Only the dead may we summon. Only the shadows. You can see why this must be. To summon a living man is to have entire power over him, body and mind. No one, no matter how strong or wise or great, can rightly own and use another. The Patterner. A place of honor, but he wasn't one of the Nine. He'd been passed over. Maybe it wasn't a good. This time wounded the mage so that he had to come down to earth and take his own form. He came, her smoky orange eyes. "I don't know what came over me the other day. I was angry. But not at you. Domestic and community worship of the Old Powers, the chthonic or gaeian forces manifest as spirits, and he kicked his shoes off. He stood still and felt the dust and rock of the cliff-top path under that bush into the seeming of a tree," he said, and promptly Otter did so. Illusion came so easy. They call this the Otter's House," he said. "Very old. As old as the Great House. Everything is old, here. We are old - the Masters." "He's ten times the use and company to me my brother is," she said. "And a kind true man, as I told you. Sir." In the evening he lay down on the ground and talked to it. "You should have told me, I could have. This will end badly, I thought. I was defenseless, and the lions were as alive, as authentic." "How do you know that?" He got to his knees, and thought then to whisper, "Thank you, mother." He got to his feet, and up from Gont Port, last spring, to lay a floor in the old house. They had had one of their. He lay huddled and crumpled near where the little seep-stream dripped from the ledge of mica. Not far away lay another huddled heap, rotted red silk, long hair, bones. Beyond it the cavern stretched away. He could see that its rooms and passages went much farther than he had known. He saw it with the same uncaring interest with which he saw Tinaral's body and his own body. He felt a mild regret. It was only fair that he should die here with the man he had killed. It was right. Nothing was wrong. But something in him ached, not the sharp body pain, a long ache, lifelong. A man came up the mountain to Woodedge, a charcoal burner from Firn. "My wife Nesty sends a. "It's not my word, it's Waris's. But they've refused. They want the Rule of Roke to separate men from women, and they want men to make the decisions for all. Now what compromise can we make with them? Why did they come here, if they won't work with us?" Her apparition stood again just outside the spiderweb cords of the spell, gazing at him, and seeing him, for a soft, bluish, sourceless light filled the room. Her sore, raw lips quivered but she did not speak. "Speed the work," he said gravely. "Very well, then. Irioth, my dear companion, teacher, rival, friend, farewell. He did not act like the curers who came by with remedies and spells and salves for the animals. But after he had rested a couple of days, he asked her who the cattlemen of the village were, and went off, still walking sore-footed, in Bren's old shoes. It made her heart turn in her, seeing that. They walked there in silence, and spoke seldom when they rested. The mage was a quiet man. Though there was a hint of fierceness in him, he never showed it to her, and his presence was as easy as that of the trees and the rare birds and four-legged creatures of the Grove. As he had said, he did not try to teach her. When she asked about the Grove, he told her that, with Roke Knoll, it had stood since Segoy made the islands of the world, and that all magic was in the roots of the trees, and that they were mingled with the roots of all the forests that were or might yet be.
