Last night a man named Maurice Milian, age 51, had fallen through the plate-glass doors leading onto the terrace of the high-rise where he lived. He had been discovered about midnight when the people living below him had noticed dried blood on their terrace. The only thing to connect the deaths of Harry Spinner and Maurice Milian was a lot of blood flowing around. If Milian had been murdered, there might be a link, however tenuous. But Milian's death was accidental? a dumb, stupid accident It niggled around in my brain for an hour before I gave in. There was only one way to get it out of my head.. The Isaac Asimov clones, once they grow op, simply won't live in the same social environment I did, won't be subjected to the same pressures, won't have the same opportunities. What's more, when I wrote, I just wrote? no one expected anything particular from me. When my clones write, their products will always be compared to the Grand Original and that would discourage and wipe out anyone.. At this time tomorrow Columbine made another nonappearance, and Barry began to suspect she was deliberately avoiding him. He decided to give her one last chance. He left a message with the doorman saying he would be by to collect his you-know-what at half past twelve the next night Alternately, she could leave it in an envelope with the doorman.. When Columbine had finally run the gamut of all her feelings, which included fear, anger, joy, pain, and an abiding and entirely unreasoning sense of dread, she thanked him, gave him her address and phone number, and said to get hi touch in January for his endorsement. Sirocco had endorsed the request, it was true, but Colman wasn't sure it would count for very much since Sirocco ran D Company, and anything he said was probably inverted somewhere along the chain as a matter of course. Perhaps he should have persuaded Sirocco not to

endorse the request. On the other hand, if anything recommended by Sirocco was inverted to start with, and if Pendrey was crazy but normal by the Army's standards, and if the premises that Pendrey was working with were also crazy, then the decision might come out in Colman's favor after all. Or would it? His attempt to think the tortuous logic of the situation once again was interrupted by Swyley at last leaning back and turning his face away from the screen..
