

R CORRESPONDENCE AND MISCELLANIES FROM THE PAPERS OF THOMAS JEFF

Crawford was the only one to look up when the lock started cycling. The two people almost tumbled. And for six months, nothing really new cropped up among the whirligigs. Song was not surprised. She said it supported her theory that these plants were there only as caretakers to prepare the way for the less hardy, air-breathing varieties to come. They would warm the soil and bring the water closer to the surface, then disappear when their function was over. But there are other reasons. Critical judgments are so complex (and take place in such a complicated. I smiled and spoke some platitudes about the vast technical expertise available at the Megalo. Tharsis Base. "You're right. What do we do first?" "But I'd have to become part of ... what Selene is." She pulled away from me, shaking her head. "I can try," said Jack, "or perhaps die trying. But I can do no more and no less." And he took the small pickax they had used to help them climb the mountain. day-to-day conversational experiences most people have with their spouses never happened in my case. No sane attacking force would contemplate taking an objective like that by a direct frontal assault in the center--the lowermost stretch of the trail was too well covered by overlooking slopes, and there would be no way back if the attack bogged down. That was what the enemy commander would have thought anyone would have thought. So what would be the point of tying up lots of men to defend a point that would never be attacked? According to the book, the correct way to attack the bunker would be along the stream from above or by crossing the stream below and coming down from the spur on the far side. So the other side was concentrating at points above both of the obvious assault routes and setting themselves up to ambush whichever attack should materialize.
