

MISTAKEN IDENTITY AN ETHIOPIAN FARCE IN ONE SCENE

Morris has been creating Zorphwar, an exciting game that operates on our system.. "You're stuck, Mandy," Selene said. "There's no way out".like you, and we have enjoyed your company. If we didn't, we would certainly not be offering this.yawning incredibly wide on movable jawbones. And she might have gone on, but Nolan stopped her. "I have no idea. I only saw them in the hall a couple of times. Maurice and I were ... not close." He stood, fidgety. "There's really not anything I can tell you. Why don't you ask David and Murray. They and Maurice are... were thick as thieves.".Lots of luck..He held out his hand. Ed shook it gravely..long, Mr. Mallory?". "Pretty slim. Mostly the air problem. The people I've read about never sank so low that they had to.The house lights momentarily dim and the crowd noise raises a few decibels. I realize I can't see features or faces or even separate bodies. There are simply too many people to comprehend. The crowd has fused into one huge tectonic slab of flesh..The first Ozo was smuggled into the Soviet Union from West Germany by Katerina Belov, a member."In a way it's about time," she said, tossing her clothes in a corner. "The only thing to do with these clothes is burn them. We'll all smell better for it. Song, you take the watch." She flicked out the lights and reclined heavily on her mattress..I nodded again, at the same time wondering how Amanda Gail could ever, really, consider herself.Singh realized he had strayed from his original question..He was holding the door three quarters shut, and so I couldn't see anything in the room but an.With the tip of his thin grey sword he cut Amos' ropes, thrusting him into the jewel garden and closing.really hit the fan with about a dozen ad hoc task forces instantly created to investigate everything from."You wouldn't believe me if I told you," said Amos, "for you are always saying you take no man's jabbering seriously.".It's really a different world back in there, with almost no contact with the outside.".You are five, hiding in a place only you know. You are covered with bark dust, scratched by twigs.,The Isaac Asimov clones, once they grow op, simply won't live in the same social environment I did, won't be subjected to the same pressures, won't have the same opportunities. What's more, when I wrote, I just wrote?no one expected anything particular from me. When my clones write, their products will always be compared to the Grand Original and that would discourage and wipe out anyone..nauseating. Polys were appropriate for Amanda, though. They could suit both her and her alter ego and.A twig can be placed in the ground, where it may take root and grow, producing a complete organism of the kind of which it was once only a twig. Or the twig can be grafted to the branch of another tree (of a different variety even), where it can grow and flourish. In either case, it is an organism with a single parent, and sex has had nothing to do with its making. It is because human beings first encountered this asexual form of reproduction, hi connection with fruit trees probably, that such a one-parent organism of non-sexual origin is called a "twig"; that is, "clone.".Things did settle down, as Lang had known they would. They entered their second week alone in.Immediately there was thunder, and light shot from the restored glass. The grey man stepped back, and from the minor stepped the beautiful and worthy Lea..shopping square to cabins in the woods and along the shores of both the Lunamere and Heliomere. I.to herself." Amanda sat back hugging herself as though cold. "I know what she's doing but I don't know.;I suppose we just guessed lucky, sir.".anything else for fifteen or twenty seconds, and I wondered what he was doing. Then the bolt was drawn.All but one, that is. For as Nolan moved forward, another shadow glided out from the deeper."I See You" is the first new Damon Knight story in many year; it was the feature story in FASFs special Damon Knight issue (November 1976). As might be expected, it is a totally fresh piece of work and it shines with quality. Damon says of it: "You may think it is a short story, but it is really a novel on the plan of A for Anything and Hell's Pavement, only much compressed. i.The North Wind mumbled and groaned around the darkness for a while and at last said, "Very well..".Very good.".creature? Nolan grimaced in self-disgust as he turned away..I let myself into number seven with the master key. The drapes were closed, and so I took a chance and turned on the bathroom light. Detweiler's possessions were meager. Eight shirts, six pairs of pants, and a light jacket hung in the closet. The shirts and jacket had been altered to allow for the hump. Except for that, the closet was bare. The bathroom contained nothing out of the ordinary?just about the same as mine. The kitchen had one plastic plate, one plastic cup, one plastic glass, one plastic bowl, one small folding skillet,. "Right. And the little one keeps one face turned to the big one. The big one rotates once in twenty-four hours. It has an axial tilt of twenty-three degrees.". "Insignificant.".He Has a Hole in His Head and His Teeth Glow in the Dark, ROGER ZELAZNY."No, this is Crawford again. Commander Lang is . . . indisposed. She's busy with Lou, trying to do.As I paddled around, I felt my muscles relax and a drowsy lassitude flow through me..He looked at me sharply, fear creeping back. "Please. No!".Detweiler stepped toward it, ignoring me, tears pouring down his face. The thing's struggles grew."I'm not sure. Marty thinks there's a chemical metabolism in the upper part of the shell, which I haven't explored yet. But I can't really say if it's alive in the sense we use. I mean, it runs on wheels! It has three wheels, suited for sand, and something that's a cross between a rubber-band drive and a mainspring. Energy is stored in a coiled muscle and released slowly. I don't think it could travel more than a hundred meters. Unless it can recoil the muscle, and I can't tell how that might be done.".your part does not mean that schedules are slipping down there..into the clearing, the unicorn snorted and struck his front feet against the ground, one after the other..A: The Sheep Look Up."Listen, these Martians?and I can see from your look that you.underwear?for the sailors had jumped on him when he came back in the morning and given the jailor.From Competition 19: SF limericks."Are you really the North Wind?" Amos asked.. "Ever see a claustrophobe deliberately walk into a closet and shut the door? If I don't fight it this way?" Her fingers dig into my arms. Her face is fierce. "This has got to be better than what I do on stage." She swings away from me. "Shit!" she says. "Damn it all to hell." She stands immovable, staring down the mountain for several minutes. When she turns back toward me, her eyes are softer and there's a fey tone in her voice. "If I die?" She laughs. "When I die. I want

my ashes here." "Don't think of them as ideas then, think of them as questions."*.combination of arena and spectators turns the dome into one sustaining organism. At first I misread it as jogging, not running. She saw me about the same moment. She spun around as though to run away, then possible rescue. The more they thought about it, the less happy they looked. They all seemed to agree. bright blue. It's always brown or yellow for you. Selene has to have been sitting in it." IV. trained Lou to fly this thing? And he almost cracked it up as it was. I ... ah, nuts. It isn't possible." She did look different She held her chin high, making her seem even taller than she had yesterday. Her eye contact was direct rather than through her lashes, and the color of her eyes themselves was less goldstone than the feral warmth of topaz. Too, despite her slow walk beside me, she radiated energy so electric it fairly raised the hair on my arm nearest her. Even her voice was changed? higher, firm, rapid.. "No kidding!" "Okay. Who called?" .207. THE BEST FROM FANTASY & SCIENCE FICTION. The Detweiler Boy 49. Neither of us sleeps much the rest of the night. Sometime before dawn I doze briefly and awaken from a nightmare. I am disoriented and can't remember the entirety of the dream, but I do remember hard wires and soft flows of electrons. My eyes suddenly focus and I see her face inches away from mine. Somehow she knows what I am thinking. "Whose turn is it?" she says. The antenna. The area isn't big on apartments or rooming houses, but there are a few. I found the Detweiler boy at the. The editor hereby makes grateful acknowledgment to the following authors and authors' representatives for giving permission to reprint the material in this volume: .122. "There is the problem of the motor. It requires attention. I come early, before the heat of the day-" Behind the left shoulder the polycarp turned bright blue. The left hand reached for the right wrist.. his life. But first I must make sure my nearest and dearest friend can see too." He went to the large black. we saw your light." The light hit her dimmed, leaving her only a lanky girl in an anachronistic dress. She pulled at a copper. have the chemicals for it, you know." And that is the end of the story.. from her face. She was dressed in a loose-fitting bottoms of a ship suit, a gray piece of dirty cloth that. keyboard on Nagami's synthesizer.. gathered on the circular bulkhead at the rear of the lysesystem, just forward of the fuel tank.. "It was one of the fruit," she said, gasping for breath and coughing. "I was heating it in a beaker.. "Well, I'm awfully grateful. I mean you scarcely know me." .this. For a small fee, these folks'll put a video tape gadget in my tombstone. It's got everything? stereo. Landis, not to mention enraged giant lizards and a volcanic eruption. One Million Years B.C. took the attention. Crawford looked over at Lang, who made no move to go answer it He stood up and swarmed. Her laugh is easy and unstrained now. "Kid games. Did you do the usual things when you were a kid, babe?" He grinned and blitzed me. "Yeah, I guess. Most of the things you read about it are pretty nearly true.. green. It was the smoke detector. The smoke was coming from the lab.. ?I thought so at first, but I changed my mind. I've seen enough of that and it wasn't the same. Take. She did not move or answer.. "Not at all," laughed Jack. "They didn't even notice that the jailor was gone." For what they had done. She didn't smile back. "Then what were you thinking?" "Nope." Jain shakes her head. "I'm not going to need one." "Good-by," Barry shouted after him, but Ed was already either comatose or out of earshot. "And." Yes, I am really the North Wind," came the thunderous voice. "Now you tell me who you are before I blow you into little pieces and scatter them over the whole wide world." Up with your glittering clothes for so long," said Amos. "Anyway, I don't think it's fair of our grey friend to get your mirror with your I map. You should at least have a chance at it. Let me see, the first place we are going is somewhere nearer than you think." "In the swamp then," said Jack.. when we left. But it doesn't matter. You won't get any takers, though we appreciate the fact that you. The man rose then, and Hinda marveled at the height of him, for he was as tall as the cottage door. It reached its too-large hand up and caught hold of Detweiler's belt It pulled its bloated body up with. xn. morning, every morning.. And that's why I'm on the concert circuit with Jain Snow; as far as I'm concerned, the only real blues. much higher it's going to be when we get back on the job. The highest thing ever, they say. I won't.. "No. Very common. Some of the varieties are hard to find, but they're not valuable." He gave me a knowing look. "Nothing was missing from Maurice's apartment." .you'd meet someone it was crucial to hit it off with and your practice would pay off.. "What is it?" Nolan said. "Something wrong with Robbie?"
