"My wife Nesty sends a message to the wise women," he said, and the villagers showed him Ayo's house. As he stood in the doorway he made a hurried motion, a fist turned to an open palm. "Nesty says tell you that the crows are flying early and the hound's after the otter," he said..from Enlad to help her. Making Salan his gebbeth or instrument, the Enemy sent him to Morred with.."He does that," the cowboy said to Gift. "Talks at em." He was amused, disdainful. "You can sleep in the nook under the west window. There's an old pallet in the woodhouse. Air it. Don't bring mice in with it." And he stalked off towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not anger that made his heart pound. Striding along..he could stride, then..with the seawind pushing at him always from the left and the early sunlight on the sea out past the vast shadow of the mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery and power. "He was too much for 'em, was he? And he'll be too much for me," he thought, and smiled. He was a peaceful man, but he did not mind a bit of danger.."A witchwind coming. Following. "But not everyone can.."She's called Dragonfly, and she does all the work, and I saw her once last year. She's tall, and as beautiful as a flowering tree," said the youngest daughter, Rose, who was busy crowding a lifetime of keen observation into the fourteen years that were all she was going to have for it. She broke off, coughing. Her mother shot an anguished, yearning glance at the wizard. Surely he would hear that cough, this time? He smiled

at young Rose, and the mother's heart lifted. Surely he wouldn't smile so if Rose's cough was anything serious? "I'm not really good on the fife, but I'm good enough. Of innumerable sacred groves, caves, mountains, hills, springs, and stones on the Four Lands, the holiest place was a cavern and standing stones in the desert of Atuan, called the Tombs. He sat down on the hillside beside the scar in the ground, resting his tired legs. He studied the ground where some crumbs of fresh dirt lay and the grass was bent. He stroked the bent grass to straighten it. He got to his feet at last, went for a drink of the clear brown water under the willows, and set off down the valley towards the mine..word. She felt sick. Eighty ships sailed past Ark and Ilien on a true and steady magewind that bore them straight for Roke. Sometimes Early in his white silk robe, holding a tall white staff, the horn of a sea beast from the farthest North, stood in the decked prow of the lead galley, whose hundred oars flashed beating like the wings of a gull. Sometimes he was himself the gull, or an eagle, or a dragon, who flew above and before the fleet, and when the men saw him flying thus they shouted, "The dragonlord! the dragonlord!"..him, with a slop of rancid oil on the bread.
