

OPERE DI DOMENICO BATACCHI VOL 4 LA RETE DI VULCANO

Thus far, there were only two unexpected developments, the first being his explosive vomiting. He hoped he would never have to endure another such episode..A pink spot in the center of Victoria's forehead marked the point of impact. Soon it would be an ugly bruise. The skull bone did not appear to have been cratered..Maria's face gathered into a frown, like a piece of brown cloth cinched by a series of whipstitches. "Six lessons." At the sight of her photograph, she felt herself flush. She hoped none of the pedestrians passing between her and the gallery would look from the photo to her face and recognize her. What had she been. "Why? What was he going to get out of it?". As to the distressing matter of Seraphim's daughter, Junior at first decided to return to San Francisco to torture the truth out of Nolly Wulfstan. Then he realized that he'd been referred to Wulfstan by the same man who had told him that Thomas Vanadium was missing and was believed to be Victoria Bressler's killer..Junior wasn't concerned that the shots would attract unwanted attention. These large rural properties and a plenitude of muffling trees made it unlikely that the nearest neighbor would hear anything..From Christmas through February, he dated a beautiful stock analyst and broker-Tammy Bean-who specialized in finding value in companies that had rewarding relationships with brutal dictators..The traffic light turned green. Now onward home. Rolex recovered and bright upon his wrist, Junior Cain drove his Mercedes with a restraint that required more self-control than he had realized he could tap, even with the guidance of Zedd..Because the tower stood on a ridgeline that marked the divide between county and state property, most of the attending constabulary were county deputies, but two state troopers were present, as well..Otter was reluctant to answer. He had to like Hound, but didn't have to trust him. "Shape-changing," he mumbled at last..When he returned to the kitchen to add ice and sherry to his glass,he looked up White, Celestina in the San Francisco phone directory. Her number was listed; her address was not..He planned, as soon as they took him out of his cell, to use the old Changers spell of self-transformation and so escape. Surely his life was in danger, and it would be all right to use the spell? Only he couldn't decide what to turn himself into-a bird, or a wisp of smoke, what would be safest? But while he was thinking about it, Losen's men, used to wizard's tricks, drugged his food and he ceased to think of anything at all. They dumped him into a mule-cart like a sack of oats. When he showed signs of reviving during the journey, one of them bashed him on the head, remarking that he wanted to make sure he got his rest..While Junior had been hospitalized, Vanadium had searched his lace, with or without a warrant. Turnabout was satisfying..by the ferocity of the beating and by years of fear and humiliation. So he opens his mouth, just to end it, just to be.As always, curious about how others lived-or, in this case, bad lived-Junior explored the house, poking in drawers and closets. For a widower, Bartholomew Prosser was neat and well-organized..Concerned that Junior's crying jag would trigger spasms of the abdominal muscles and ultimately another attack of hemorrhagic vomiting, the nurse had with her a tranquilizer. She wanted him to use the apple juice to wash down the pill..At sunset, the boy stood in the backyard, gazing up through the branches of the giant oak as an orange sky darkened to coral, to red, to purple, to indigo..Eventually, of course, dear Edom held forth about tornadoes--in particular the infamous Tri-State Tornado of 1925, which ravaged portions of Missouri, Illinois, and Indiana..If the detective believed that Seraphim had been raped, his natural desire to exact vengeance for his friend's daughter might motivate him to commit the relentless harassment that Junior had endured now for four days..If the wife killer had cut himself accidentally, his writing on the wall indicated a hair-trigger temper and a deep reservoir of long-nurtured anger..The quiet passion in Vanadium's voice was genuine, expressed with reason but not fervor, not in the least sentimental or unctuous-which made it more disturbing. "Vibrations in one string set up soft, sympathetic vibrations in all the other strings, through the entire body of the instrument."..In the bedroom once more, before poring through the contents of the nightstand drawers, the dresser drawers, and the closet, he looked in the adjacent bathroom, switched on the light because there was no window-and found Bartholomew on a wall, slashed and punctured, disfigured by hundreds of wounds. Wally parked the Buick at the curb in front of the house in which he lived, and when Celestina slid across the car seat to the passenger's door, he said, "No, wait here. I'll fetch Angel and drive the two of you home."..Spinning off the stool, he had also spun out of control. Second by second, twin storms of anger and fear whirled stronger within him..When Celestina first entered his ICU cubicle, the sight of his face scared her in spite of the surgeon's assurances. Gray, he was, and sunken-cheeked-as though this were the eighteenth century and so many medicinal leeches had been applied to him that too much of his essential substance had been sucked out..To buy as much time as possible while Enoch Cain's assault was still fresh in Celestina's mind, Tom proposed that they remain hidden away for another two weeks, unless the killer was apprehended sooner. "Then if you go to Wally's house from here, you'll want to install the best alarm system you can get, and you should lead a restricted life for quite a while, even hire security if you can afford it. The smartest thing would be to move out of San Francisco as soon as Wally's recovered. He retired young, right? And a painter can paint anywhere. Sell the properties here, start over somewhere else, and make the move in such a way that you can't be easily traced. I can help you work that out."..Three equally modest rooms opened off this lounge. Two housed complete dental units, and the third provided cramped office space shared by the receptionist and the doctor.."You know where it comes from," her mother said with a yawn that betrayed her exhaustion after a night with no sleep and too much drama.."Only for a little while. Then he is joining me at the gallery, and after the show's over, we're having dinner together."..MONDAY MORNING, far above Joe Lampion's grave, the translucent blue California sky shed a rain of light so pure and clear that the world seemed to have been washed clean of all its stains..Had Junior been chest-deep in wet concrete, he would have been more mobile than he was now. He had no feeling in his legs..He no longer had any reason to follow an exercise regimen. For twenty-three years, he'd needed to maintain good health in order to meet his responsibilities, but

all the responsibilities that mattered to him had been lifted from his shoulders..A plate-size piece of the door had been blasted away. Because of the light shining through from the room beyond, Junior could see that no part of the lock remained intact. In fact, he peered through the hole in the door to the back of a piece of furniture that was jammed against it, whereupon the nature of the problem became clear to him.. "Where's your mother this morning?" he asked, for he'd expected to have to shoot his way through a lot more than one adult to reach both children. The Lipscomb house had proved empty, however, and fortune had given him the boy and girl together, with one guardian.. "Who hired him to hex the ship, fool?" Two cranks operated the winch.. The mortician and his assistant turned the handles in unison, and as the mechanism creaked softly, the casket slowly descended into the hole.. So after waiting two months for the superhot Harrison White case to cool down, Junior returned instead to Spruce Hills, traveled bald and pocked and passing as Pinchbeck, under the cover of night.. With a portion of his profits from Tammy Bean's stock picks, Junior had bought a second painting by Sklent. Titled *In the Baby's Brain Lies the Parasite of Doom, Version 6*, it was so exquisitely repellent that the artist's genius could not be in doubt.. First room on the left. Move. Kick the door open. The sense of a larger space beyond, no bathroom this time, and darker. Fan the pistol, gripping with both hands. Two quick shots: muffled cough, muffled cough.. All the way to the nightstand, he expected to discover that the revolver had been taken from the drawer. Yet here it was. Loaded.. The reverend made the first toast, speaking so softly that his tremulous words seemed to bloom in Celestina's mind and heart rather than to fall upon her ears. "To gentle Phimie, who is with God..". Agnes was not fully aware of how she was lifted from the car, but she remembered looking back and seeing Joey's body huddled in the tangled shadows of the wreckage, remembered reaching toward him, desperate for the anchorage that he had always given her, and then she was on the gurney and moving.. Frowning, Agnes said. "Yes, those stories. Sweetie, when Uncle Edom and Uncle Jacob go on about big storms blowing people away and explosions blowing people up ... that's not what life's about..". From time to time, customers had crossed the cocktail lounge to drop folding money into a fishbowl atop the piano, tips for the musician. A few had requested favorite -tunes.. "Yes, but it's a Catholic hospital, and they offer this option to all unwed mothers-doesn't matter what their religion..". Although Vanadium had been morally certain about the identity of his assailant, intuition without evidence was not sufficient to stir the authorities into action-not against a man on whom the state and county had settled \$4,250,000 in the matter of his wife's mortal fall. They would appear either to be incompetent in the investigation of Naomi Cain's death or to be pursuing Enoch in the new matter out of sheer vindictiveness. Without stacks of evidence, the political risks of acting on a policeman's instinct were too great.. "I can try, your highness..". He slipped behind the door and raised the pewter candlestick over his head. Weighing perhaps five pounds, the object made a formidable bludgeon, almost as good as a hammer.. Dragonfly.. The apartment had been furnished with only two padded folding chairs and a bare mattress in the living room. The mattress was on the floor, without benefit of a bed frame or box springs.. "They're all the family I have," Junior said with what he hoped sounded like sorrow and long-suffering love.. Most likely, Reverend White's ramblings were as greasy with sentiment and oily with irrational optimism as were his daughter's paintings, so Junior was in no hurry to learn the name of the radio program or to write for a transcript of the sermon.. A sudden cold breeze blew down out of the moon, bearing a faint alien scent, and the black boughs of the trees billowed and rustled like witches' skirts.. "I can do this with just a very little Novocain," she said, "so your mouth won't be numb for dinner..". She switched off the hall light and stood at the half-open door, listening, waiting.. Letting go of Maria, lowering her hand to her heart, Agnes said, "I want to see him..". After making the sign of the cross, Maria said, "They must to have kept him in the eggubator until he is not dangerous. When the nurse comes, I will make her to tell me when the baby is to be safe. But I can't be leave you. I watch. I watch over..". Industrial Woman, which he'd purchased for a little more than nine thousand dollars, less than eighteen months ago and at another gallery, would fetch at least thirty thousand in the current market, so rapidly had Bavol Poriferan's reputation risen.. Junior Cain definitely was not a crazed sex-killer, not driven to homicide by weird lusts beyond his control. A single night of sex and death-an indulgence never to be repeated-wouldn't require serious self-examination or a reconsideration of his self-image.. Celestina hardly knew Paul, and although he'd saved her mother's life, his offer raised a look of doubt from her.. His silent tears accomplished what his words could not: Nork, Knacker, and Hisscus retreated, urging him to speak to his attorney, promising to return, once more expressing their deepest condolences, perhaps as abashed as attorneys and political appointees could get, but certainly confused and unsure how to proceed when dealing with a man so untouched by greed, so free of anger, so forgiving as the widower Cain.. On October 15, Junior acquired a third Sklent painting: *The Heart Is Home to Worms and Beetles, Ever Squirming, Ever Swarming, Version 3*.. Precisely what type of prodigy Barty might be was initially not easy to deduce. He revealed many talents rather than just one.. Smiling again, speaking in a voice hardly louder than a whisper, he said, "Got a wedding date to keep..". During the past few years, he had discovered that a lousy few million could buy even more freedom than he had thought when he'd shoved Naomi off the fire tower. Great wealth, fifty or a hundred million, would purchase not only greater freedom, and not just the ability to pursue even more ambitious self-improvement, but also power.. Back in January, when he received the disappointing report from Nolly Wulfstan, Junior was not convinced that the private detective had exercised due diligence in his investigation. He suspected that Wulfstan's ugliness was matched by his laziness.. In the car again, a block from home, Barty said, "Maybe you could just not tell Uncle Edom and Uncle Jacob until Sunday night. They won't handle it real well. You know?" "I'll teach her," Wally said, moving past them to the apartment door, fishing a ring of keys out of his coat pocket.. The nurse was in was gone, but Maria remained in attendance. She the vinyl-and-stainless-steel armchair, busy at.. The strand was inclined toward the lake. He closed the door and got out of the way as the Studebaker rolled forward, gathering speed.. With his mother, his uncles, and Maria hovering just two steps behind, Barty followed the

driveway, not bothering with the cane, keeping his right foot on the concrete, his left foot on the grass, until he came to a jog in the pavement, which apparently he'd been seeking. He stopped, facing due north, considered for a moment, and then pointed due west: "The oak tree's over there." In Maria's kitchen, still just four days past Christmas, Agnes let dissolve her stoic mask, and wept at last. The young man raised his voice to be heard above the gobbling of the art turkeys. "No, sir. He just asked where the men's room was." Junior's agony might have made him howl like a cankered dog or might even have dropped him to his knees if he hadn't used the pain to fuel his anger. His knobby countenance was so sensitive that the light breeze flailed his skin as cruelly as if it had been a barbed lash. Empowered by rage even more beautiful than his countenance was monstrous, he crossed the parking lot, looking through car windows in the hope of seeing keys dangling from an ignition. Still cautious, Junior approached the back door, the window. Vanadium's body lay on the car floor, wrapped in the tumbled blanket. Had he ever thought he could get away with this? He must have been delusional, temporarily mad. He reached toward the dead man's closed hand, but he couldn't find the courage to touch it. He was afraid that if he pried open the stiff fingers, he would discover a quarter inside. From the darkness of his room, Barty now spoke the words for which Agnes had been waiting, his whisper soft yet resonant in the quiet house: "Good-night, Daddy." To Perri's bed, a journey of only a few steps, but farther than unwanted Rome. The carpet seeming to pull at his feet, to suck like mud under his shoes. The air as thick as liquid in his resistant to his progress. Mrs. Cain's little boy felt small, weak, sorry for himself, and terribly alone. The detective was still here, but his presence only aggravated Junior's sense of isolation. Jacob feared what men could do with clubs, knives, guns, bombs, with their bare hands, but he was most preoccupied by the unintended death that humanity brought upon itself with its devices, machines, and structures meant to improve the quality of life. "All right. I get my new eyes from a doctor. They're not real eyes, just plastic, to fill in where my eyes used to be." She dealt with them equally, too, favoring neither-except in the matter of pie delivery. On those rare occasions when she could not make these rounds herself and when she had no one to turn to but a brother, Agnes always asked for Edom's help. He closed his eyes to know the kitchen as Barty knew it. The fine aromas, the musical clink of spoons, the tinny rattle of pans, the liquid swish of a stirring whisk, the heat from the ovens, the women's voices: Gradually, denying himself sight, he was aware of his other senses sharpening. Granted that he was only three going on four, nevertheless Barty had never met anyone with as much cheerful imagination as Angel. He intended to marry her in, oh, maybe twenty years. "Nevertheless, even if Muffin assaulted you, she's otherwise such a sweet little thing. What would Maria think of you if you told her you'd smashed poor Muffin with a shovel?" pride, his one great shining moment but also his sinful pride. Clubbed with the trophy first, fists later. And now, here, "If her blood pressure stabilizes through the night," Dr. Daines continued, "I want her to undergo a cesarean at seven in the morning. The danger of eclampsia passes entirely after birth. I'd like to refer Phimie to Dr. Aaron Kaltenbach. He's a superb obstetrician." Head lowered, as if his visit to Jacob were a weight that bowed him, his attention was on the ground. Otherwise, he might not have noticed, might not have been halted by, the intricate and beautiful pattern of sunlight and shadow over which he walked. Seraphim White had come to California to give birth to him in or to spare her parents-and their congregation--embarrassment. The words of Robert Louis Stevenson, well read, poured another time and place into the room as smoothly as lemonade pouring from pitcher into glass. Lifted from his despair by this exhilarating wrath, Junior turned away from the mirror, looking for the bright side once more. Perhaps it was the bathroom window. Clearly touched and intrigued, the magician nevertheless circled the offer in search of reasons to decline, before at last shaking his head sadly. "I doubt that I'm the caliber of person you're looking for, Mrs. Lampion. I wouldn't be entirely a credit to your project." When Junior cut open a grapefruit for breakfast, he didn't find a quarter in it. The instant he flipped the coin, he opened both hands-palms up, fingers spread-with a distracting flourish. The detective gazed at the cash as longingly as a glutton might stare at a custard pie, as intensely as a satyr might ogle a naked blonde. "Impossible. Too damn much integrity in their system. You might as well ask me to go to Buckingham Palace and fetch you a pair of the queen's undies." Celestina extended her left hand, which shook so badly that she nearly knocked over both their wineglasses. "I will." "It's a miracle both of you didn't go through that railing," the attorney agreed. Mary was at play here, and the sight of her, his first in seven years, almost brought Barty to his knees. She was the image of her mother, and he knew that this must be at least a little bit what Angel had looked like when, at three, she had initially arrived here in 1968, when she explored the kitchen on that first day and found the toaster under a sock. On the morning in August that Agnes came home from Dr. Joshua Nunn's office with the results of tests and with a diagnosis of acute myeloblastic leukemia, she asked that everyone pack up and caravan, not to deliver pies, but to visit an amusement park. She wanted to ride the roller coaster, spin on the Tilt-A-Whirl, and mostly watch the children laugh. She intended to store up the memory of Barty's laughter as he had stored up the sight of her face in advance of the surgery to remove his eyes. Nor could she begin to imagine the nature of the disaster that had befallen him, leaving his face looking blasted and loose at all its hinges. She had last seen him at Phimie's funeral. A few minutes ago at her doorstep, she'd recognized him only because of his port-wine birthmark. Although the only light on the back porch came from the pale beams that filtered out through the curtains on the kitchen windows, all these faces seemed luminous, almost preternaturally aglow, like the kiln-fired countenances of saints in a dark church, lit solely by the flames of votive candles. The rain-a music of sorts, and the jasmine and incense, and the moment sacred. Barty paced off the downstairs hallway to the kitchen, thinking about Dr. Jekyll and the hideous Mr. Hyde. In the tree, the girl grinned. "Even if he stays up there until dawn, he'll still be coming down in the dark, won't he. Oh, we'll be fine, Aunt Aggie. First he tore two paper towels from a wall-mounted dispenser and held one in each hand, as makeshift gloves. He was determined to leave no fingerprints. She was not yet twenty-one, and he was at least twice her age, but he leaned like a small child against her, and like a mother she

comforted him..He had taken refuge in meditation, because he'd been frustrated by his continuing failure in the Bartholomew hunt and disturbed by his apparently paranormal experiences with quarters and with phone calls from the dead. More deeply disturbed than he had realized or had been able to admit..In the kitchen, Barty sat at the table, and Paul's heart pinched at the sight of the boy in padded eyepatches.."D'you have a bag?".Five days ago, reasoning that an unscrupulous attorney would know how to find an equally unscrupulous private detective, even across state borders, Junior had phoned Simon Magusson, in Spruce Hills, for a confidential recommendation. Apparently, there also existed a brotherhood of the terminally ugly, the members of which sent business to one another. Magusson-he of the large head, small ears, and protuberant eyes-had referred Junior to Nolly Wulfstan..Through the cacophony of shattering glass, splintering wood, and cracking plaster, Paul heard the hard roar of an engine, the blare of a horn, and suspected what must have happened. Some drunk or reckless driver had crashed at high speed into the parsonage..If he woke, however, and saw her sitting vigil, Barty would understand how terrible his condition might be..Celestina said, "Phimie wasn't a mind reader. That's science fiction, Dr. Lipscomb.".He rolled his head back and forth on the pillow. "Nope. It's still just something you gotta feel.".He shook so badly that he couldn't remove the cap from the bottle. He was proud to be more sensitive than most people, to be so full of feeling, but sometimes sensitivity was a curse..Of course, there was no possibility whatsoever of 'drawing four identical jacks from combined decks that had been exquisitely manipulated and meticulously arranged by a master mechanic-unless the effect of the jacks was intended, which in this case it was not. The odds couldn't be calculated because it could never happen. No element of chance was involved here. The cards in that stack should have been as predictably ordered-to Jacob-as were the numbered pages in a book..Halted by the unmistakable meaning of the expressions on these women's faces, Paul was grateful that Nellie was briefly stricken mute. He didn't believe he had the strength to receive the news that she had tried to deliver..She nodded. And could not lift her gaze from her hands. Could not meet his eyes, afraid that his worry would feed her own, afraid also that the sight of his sympathy would shake loose her perilous grip on her emotions..Tom would have edged to his right, away from EDOM, if Jacob hadn't flanked him. He remembered the odd comment that the more dour of the twins had made about the Bakersfield train wreck..Now, the hateful music unnerved him. He became convinced that if he went home alone, the phantom chanteuse-whether Victoria Bressler's vengeful ghost or something else-would croon to him once more. He wanted company and distraction, after all..A pang of regret pierced her, that her boy's precocity should deny him this fine fantasy, as her morose father had denied it to her. "He's real," she asserted..Chicane wasn't alone. Sparky Vox, the building superintendent, approached behind him and hovered. Seventy-two yet as spry as a monkey, Sparky didn't walk so much as scamper like a capuchin..She always had a generous heart. After disease whittled Perri's flesh, leaving her so frail, her great heart, undiminished by her suffering, seemed bigger than the body that contained it..Junior released Neddy and, letting him slide down the wall to the floor, returned to the door to lock it. Reaching for the latch, he suddenly expected the door to fly open, revealing Thomas Vanadium, dead and risen. The ghost didn't appear, but Junior was shaken by the mere thought of such a supernatural confrontation in the middle of this crisis..The bullet had been fired by a renegade cop who was every bit as lousy a marksman as he was a corrupt scumball. He'd been aiming for Nolly's crotch..Junior closed his eyes at once and let his jaw sag, breathing through his mouth, feigning sleep..tasteful hint of it was on display; nothing about this beauty could be called cheap..Either operating on first-aid knowledge of his own or responding to an instruction from the medic, the cop slipped a foam pillow under Agnes's head..Junior had seen the silvery coin snapping off the cop's thumb and spinning upward. Now it was gone, as though it had vanished in midair.. "AND I DRINK CHAMPAGNE ALL DAY," said Miss Cheese, pronouncing it "cham-pay-non."
