A man unwilling to put himself under the iron control of a spell of chastity could never practice the high arts. He could be no more than a common sorcerer. Male wizards thus had come to avoid women, refusing to teach them or learn from them. Witches, who almost universally went on working magic without giving up their sexuality, were described by celibate men as temptresses, unclean, defiling, essentially wicked.. But for some decades the kings of Hupun had been in conflict with the high priest and his followers in Awabath, the Holy City, fifty miles from Hupun. The priests of the Twin Gods were in the process of wresting power from the kings and making Awabath not only the religious but the political center of the country. Erreth-Akbe's visit seems to have coincided with the final shift of power from the kings to the priests. He stood still and felt the dust and rock of the cliff-top path under his feet, and the cliffs under that, and the roots of the island in the dark under that. In the dark under the waters all islands touched and were one. So his teacher Ard had said, and so his teachers on Roke had said. But this was his island, his rock, dust, dirt. His wizardry grew out of it. "My mastery is here," the boy had said, but it went deeper than mastery. That, perhaps, was something Dulse could teach him: what went deeper than mastery.
