TERMINAL PARK..Each True Rune has a significance, a connotation or area of meaning, which can be more or less defined in Hardic; but it is better to say that the runes are not words at all, but spells, or acts. Only in the syntax of the Old Speech, however, and only as spoken or written by a wizard, not as a statement but with intention to act, reinforced by voice and gesture-in a spell-does the word or the rune fully release its power.."She is of mine," said Azver.."Oh, they'll come for the glory," said the harper, a lean, long-jawed, wall-eyed fellow of forty.."Where, here? Loose regular meter, alliteration, stylised phrasing, and structuring by repetition are the principal poetic devices. Content includes mythic, epic, and historical narrative, geographical descriptions, practical observations concerning nature, agriculture, sea lore, and crafts, cautionary tales and parables, philosophical, visionary, and spiritual poetry, and love songs. The deeds and lays are usually chanted, the ballads sung, often with a percussion accompaniment; professional chanters and singers may sing with the harp, the viol, drums, and other instruments. The songs generally have less narrative content, and many are valued and preserved mostly for the tune..before what happened to him happened. And he wasn't so mad as all that.
