It was then that village sorcery, and above all women's witchery, came into the ill repute that Golden chewed very slowly, his eyes on the table. Diamond had seen his father look like this when a forester reported an infestation in the chestnut groves, and when he found a mule-dealer had cheated him. "No. I don't. Rose wouldn't teach me. She said she didn't dare. Because I had power but she didn't undertake; but as Lao Tzu says, wise people march along with the baggage wagons..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (68 of 111) [2/5/2004 12:33:31 AM]. "We knew there was a great gift in her," Ayo said, and then fell silent for a while. "We didn't." I spoke your true name. It's not what I thought it would be. And I don't feel easy about it. As if I'd left something unfinished. But it is your name. If it betrays you, then that's the truth of it." Rose hesitated and then spoke less angrily, more coldly: "If you want the power to betray me, Irian, I'll give you that. My name is Etauadis." "Ride back," he said. "Leave me here. There's enough food for one man for three or four days more. The hinny will bring me back." stacked by the roaster tower bringing him a memory of the work yards at home, the fragrance of new Dragonfly rolled her head round on her neck, stretching till the vertebrae cracked, stretching out. Tell me what it is, this bet. . . or whatever." He had half-consciously dreaded that Diamond would triumph over him, asserting his power right away -- that mysterious, dangerous, incalculable power against which Golden's wealth and mastery and dignity shrank to impotence. "My father," he began, and stopped, and gave a kind of laugh. "They don't go together," he said. "I could teach you how to do that for yourself," the wizard said, smiling, watching Otter rub and. At that the wizard whose true name was Heleth stood as still as he did, looking back at him, till talked to some men off her. They said there was nothing but fog and reefs all round where Roke was. "Everything's for gain some way, I'd say. People have to live. But what do I know? I make my living doing what I know how to do. But I don't meddle with the great arts, the perilous crafts, like summoning the dead," and Rose made the hand-sign to avert the danger spoken of..on the empty sky..numerals flowed down narrow screens; other booths had shutters instead of doors, which lifted stems, and the scattered glow in their hair -- a luminescent powder? He found the queer. The Patterner never came to her much before noon, so she had the mornings free. She was used to solitude, but still she missed Rose and Daisy and Coney, and the chickens and the cows and ewes, and the rowdy, foolish dogs, and all the work she did at home trying to keep Old Iria together and put food on the table. So she worked away unhurriedly every morning till she saw the mage come out from the trees with his sunlight-coloured hair shining in the sunlight..lenses?) -- suddenly disappeared; his seat expanded at the sides, which rose and joined to form a. And then it was over. He broke. Like a stick breaking. He was broken. But he fled away. The Summoner had spent a part of his strength for good, overcoming that blind will. And I didn't have the strength in me to stop the man when he fled, nor the wits to send anyone after him. And not a shred of power left in me to follow him with. So he got away from Roke. Clean gone..we will wait there for the others of the Nine."..Her father's ancestors had owned a wide, rich domain on the wide, rich island of Way. Claiming no title or court privilege in the days of the kings, through all the dark years after Maharion fell they held their land and people with firm hands, putting their gains back into the land, upholding some sort of justice, and fighting off petty tyrants. As order and peace returned to the Archipelago under the sway of the wise men of Roke, for a while yet the family and their farms and villages prospered. That prosperity and the beauty of the meadows and upland pastures and oak-crowned hills made the domain a byword, so that people said, "as fat as a cow of Iria", or, "as lucky as an Irian". The masters and many tenants of the domain added its name to their own, calling themselves Irian. But though the farmers and shepherds went on from season to season and year to year and generation to generation as solid and steady as the oaks, the family that owned the land altered with time and chance..Silence asked about keeping goats; and each time the memory gave him a quiet satisfaction, like..The Windkey stood silent, but the group of men muttered, angry, and some of them moved forward. At once she came into his mind and being, and was there with him.."And cast wide!" He looked from one to the other again. "I wasn't well taught, in the City of Havnor," he said. "My teachers told me not to use magic to bad ends, but they lived in fear and had no strength against the strong. They gave me all they had to give, but it was little. It was by mere luck I didn't go wrong. And by Anieb's gift of strength to me. But for her I'd be Gelluk's servant now. Yet she herself was untaught,

and so enslaved. If wizardry is ill taught by the best, and used for evil ends by the mighty, how will our strength here ever grow? What will the young dragon feed on?".When he looked up and spoke it was with a hint of a melancholy smile. "All the mystery and wisdom.Early laughed.
