

S OF THE STATE OF NEVADA PASSED AT THE FIFTH SESSION OF THE LEGISLAT

"They were arrested, for trafficking, right here on this couch, while they were taking money from the agent that had set them up. There's no way they can wiggle out of it this time. People say how sorry they are and everything, but I don't know: they were criminals, after all. What they were doing only makes it harder for the rest of us to get our endorsements honestly."..evening when there's a beautiful rainbow looped across the world?"..So they welcomed an opportunity to tour fairyland. As I mentioned a moment ago, this subject has been under study for a considerable period of time. I can now inform you that, three days ago, the President of the United States and the Chairman of the Eastern Co-Prosperity Sphere signed an agreement for the project which I have briefly outlined to be' pursued on a joint basis, effective immediately. The activities of the various national and private research institutions and other organizations that will be involved in the venture will be coordinated with those of the North American Space Development Organization and with those of our Chinese and Japanese partners under a project designation of Starhaven."..Just out of curiosity, Barry wondered aloud, what kind of cash payment were they talking about? Jason said the standard fee, a year ago, for a single sticker had been a thousand dollars; two and a half for a pair, since people with two blanks to fill could be presumed to be that much more desperate. Due however to a recent disproportion between supply and demand, the going price for a single was now seventeen hundred; a double, a round four thousand. Jason said he could arrange an introduction at that price, if Barry were interested.."It's funny," Lang said, quietly. "I always thought it would be something flashy, or at least obvious. Your ship is protected by shields against any attack, but you must be careful to maintain your energy supply. If the organism is very efficiently adapted to its surroundings, this is useful, but it is an extremely conservative mechanism that reduces the chance of change. conversation died away. "A sign in the hall outside says that the fossil display is in twelve-oh-three upstairs." The American Archeological Society was holding its annual convention in the Hilton complex that week. Congreve shrugged "I figured that had to be where I was supposed to go. Luckily I bumped into Matt on the way, and he got me back on the right track." A ripple of laughter wavered in the darkness, punctuated by a few shouts of protest from some of the tables. He waited for silence, then continued in a less flippant voice. "The first thing I have to do is thank everybody here, and all the NASDO people who couldn't be with us tonight, for inviting me. Also, of course, I have to express my sincere appreciation for this, and even more my appreciation for the sentiments that it signifies. Thank you--all of you."
