island of Enlad..He listened. They walked on at last through a silence enlarged and deepened by that far call.. "Thorion was the best of us all - a brave heart, a noble mind." The Herbal spoke almost in anger..He had not known how tired he was until he came to haven. He spent all that day drowsing before.Wide steps ran down, silvery like a mute waterfall. The desolation surprised me; since."I could teach you how to do that for yourself," the wizard said, smiling, watching Otter rub and flex his aching wrists and work his lips that had been smashed against his teeth for hours. "The Hound told me that you're a lad of promise and might go far with a proper guide. If you'd like to visit the Court of the King, I can take you there. But maybe you don't know the King I'm talking of?".Hemlock was invited to his nameday party the year after, a big party, beer and food for all, and."I don't even know what it means. She sat down in her place, the stool by the oil lamp to the right of the hearth, and took up her mending. "Get warm through, and then I'll show you your bed," she said. "There's no fire in that room. Did you meet weather, up on the mountain? They say there's been snow."..as ever..HOUND STAYED IN ENDLANE. He could make a living as a finder there, and he liked the tavern, and Otter's mother's

Now he stopped and greeted the women..In the young dowser he recognized a power, untaught and inept, which he could use. He needed much more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had never practiced it, but he could see that the young fellow had the gift. He would do well to learn the boy's true name so that he could be sure of controlling him. He sighed at the thought of the time he must waste teaching the boy what he was good for. And after that the ore must still be dug out of the earth and the metal refined. As always, Gelluk's mind leapt across obstacles and delays to the wonderful mysteries at the end of them..name? Diamond and Rose had worked out several such variations on the old stone-hopping trick.. "You must find the true womb, the bellybag of the Earth, that holds the pure moonseed. Did you know that the Moon is the Earth's father? Yes, yes; and he lay with her, as is the father's right. He quickened her base clay with the true seed. But she will not give birth to the King. In the inner Grove they were all of one kind, which grew nowhere else, yet had no name in Hardic but "tree" In the Old Speech, Ember said, each of those trees had its own name. You walked on, and after a time you were walking again among familiar trees, oak and beech and ash, chestnut and walnut and willow, green in spring and bare in winter; there were dark firs, and cedar, and a tall evergreen Medra did not know, with soft reddish bark and
