In these cases, an egg cell, containing only a half set of chromosomes, does not require union with a sperm cell to supply the other half set. Instead, the egg cell's half set merely duplicates itself, producing a full set, all from the female parent, and the egg then proceeds to divide and become an independent organism, again a kind of clone..Scarlet wiped out the blues and greens. Amanda cried, "Let's see." Darlene was staring past him. "I thought I saw someone outside the window." Straight up, it sped, impervious to the wind, seeming to gather momentum with every cubit it traveled..The purplish cloud broke. "Well, you may rest assured you aren't going to!" the wealthy merchant shouted. "Not if I have anything to say about it!" He pointed successively at Eli and Zeke and me. "And neither are you or you or you!" With that, he stamped back to his palanquin, got in and yanked the curtains closed, and the bearers trotted off with it. We stood there laughing..She turned. But it wasn't his handsomeness that attracted me." She smiled. "I've seen many handsome men in my day, you know. It's difficult to verbalize. He has such an incredible innocence. A lost, doomed look that Byron must have had. A vulnerability that makes you want to shield and protect him. I don't know for sure what it is, but it struck a chord in my soul. Soul," she mused. "Maybe that's it. He wears his soul on his face." She nodded, as if to herself. "A dangerous thing to do." She looked back up at me. "If that quality, whatever it is, would photograph, he would become a star overnight, whether he could act or not. Except ?of course?for his infirmity." "But that's not important. The important thing is what you said from the first, and I'm surprised you didn't see it. If we're a colony, we expand. By definition.
