

THE ART OF MARINE PAINTING IN WATER COLOURS

The tenderness with which Grace acceded to Phimie's desire, at the expense of her own peace of mind, filled Celestina with emotion. She'd always admired and loved her mother to an extent that no words-or work of art-could adequately describe, but never more than now..Junior was motivated not by twisted needs, but by rational self interest. Consequently, he opted to load the detective's body into the cramped backseat of the Studebaker with all limbs intact and head attached..Instead, her father asked, "Is this emotion talking, Celie, or is this brain as much as heart?".Of course, Angel might have been playing around with the talking book. Or, even though she'd left the dolls downstairs, she might have been filling the time until Barty's return by having a nice chat with Miss Pixie and Miss Velveeta. She had other voices, too, for other dolls, and one for a sock puppet named Smelly..The owner, also the pilot on this trip, was pleased to be paid cash in advance, in crisp hundred-dollar bills, rather than by check or credit card. He accepted payment hesitantly, however, and with an unconcealed grimace, as though afraid of contracting a contagion from the currency. "What's wrong with your face?". "Was a priest," he corrected. "Might be again. At my request, I've been under a dispensation from vows and suspension from duties for twenty-seven years. Ever since those kids were killed..".In the morning, after their first night together, without either of them suggesting what must be done, Barty and Angel went in silence into the backyard and, together, climbed the oak, to watch the sunrise from its highest bower. Three years later, on Easter Sunday in 1986, the fabled bunny brought them a gift: Angel gave birth to Mary. "It's time for a nice ordinary name in this family," she declared..Using the brochure as an ice-breaker, Junior circulated through the throng, seeking anyone who'd attended the.Grace declined food, but Tom ordered for her, anyway, selecting those things that by now he knew Celestina liked, guessing that the mother's taste had shaped the daughter's..CELESTINA RETURNED TO Room 724 to collect Phimie's belongings from the tiny closet and from the nightstand..Even though he now knew what a hateful person the nurse was, he remained strongly attracted to her. He was not the kind of man, however, who would take advantage of an unconscious woman..Kneeling at her side, Junior placed the decorative pillow over her lovely face and pressed down firmly while Frank Sinatra finished "Hello, Young Lovers," and sang perhaps half of "All or Nothing at All." Victoria never regained consciousness, never had a chance to struggle..On the way home, he repeatedly checked the rearview mirror. No vehicle followed him..Three years ago, in St. Mary's Hospital, with Phimie's warning fresh in her mind, Celestina swore that she would be ready when the beast came, but here he came, and she was as not ready as possible. Time passes, the perception of a threat fades, life becomes busier, you work your butt off as a waitress, you graduate college, your little girl grows to be so vital, so vivid, so alive that you know she just has to live forever, and after all, you are the daughter of a minister, a believer in the power of compassion, in the Prince of Peace, confident that the meek shall inherit the earth, so in three long years, you don't buy a gun, nor do you take any training in self-defense, and somehow you forget that the meek who will one day inherit the earth are those who forego aggression but are not those so pathetically meek that they won't even defend themselves, because a failure to resist evil is a sin, and the willful refusal to defend your life is the mortal sin of passive suicide, and the failure to protect a little yellow M&M girl will surely buy you a ticket to Hell on the same express train on which the slave traders rode to their own eternal enslavement, on which the masters of Dachau and old Joe Stalin traveled from power to punishment, so here, now, as the beast throws himself against the door, as he shoves aside the barricade, with what precious little time you have left, fight. Junior shoved through the blocked door, into the bedroom, and the bitch hit him with a chair. A small, slat-back side chair with a tie-on seat cushion. She swung it like a baseball bat, and there must have been some Jackie Robinson blood in the White family line, because she had the power to knock a fastball from Brooklyn to the Bronx.."Can't pay us as well as Losen does. But we could live," Otter argued.."Stop it, stop it!" Agnes, only ten years old, slender and shaking, but wild with righteousness, until now held in thrall by her own fear, by the memory of all the beatings that she herself has taken. She screams at their father and strikes him with a book she's brought from the house. The Bible. She strikes their father with the Bible, from which he's read to them every night of their lives. He drops the roses, tears the holy book out of Agnes's hands, and pitches it across the yard. He rakes up a handful of the scattered roses, intending to make his son resume this dinner of sin, but here comes Agnes once more, the Bible recovered, brandishing it at him, and now she says what all of them know to be true but what none of them has ever dared say, what even Agnes herself will never again dare to say after this day, not while the old man lives, but she dares to say it now, holding the Bible toward him, so he can see the gold-embossed cross upon the imitation-leather cover. "Murderer," Agnes says. "Murderer " And Edom knows that they're all as good as dead now, that their father will slaughter them right here, right this minute, in his rage. "Murderer," she says accusingly, behind the shield of the Bible, and she doesn't mean that he is killing Edom, but that he killed their mother, that they heard him in the night, three years before, heard the short but awful struggle, and know that what happened was no accident. Roses fall from his skinned and pierced hands, a flurry of petals yellow and petals red. He rises and takes a step toward Agnes, his dripping fists crimson with his blood and with Edom's. Agnes doesn't back away, but thrusts the book toward him, and scintillant sunlight caresses the cross. Instead of tearing the book out of her hands again, their father stalks away, into the house, surely to return with club or cleaver ... yet they will see no more of him this day. Then Agnes-with tweezers for the thorns, with a basin full of warm water and a washcloth, with iodine and Neosporin and bandages-kneels beside him in the yard. Jacob, too, comes forth from the dark crawlspace under the porch, having watched in terror from behind the latticework skirt. He is shaking, crying, flushed with embarrassment because he didn't intervene, although he was wise to hide, for the disciplinary beating of one twin usually leads to the pointless beating of the other. Agnes gradually settles Jacob by involving him in the treatment of his brother's wounds,

and to Edom she says, often thereafter, "I love your roses, Edom. I love your roses. God loves your roses, Edom." Overhead, agitated wings quiet to a soft flutter, and the shrieking crows grow silent. The air pools as still and heavy as the water in a hidden lagoon within a secret glade, in the perfect garden of the unfallen.....Then by ambulance to the hospital, whisked into surgery, and for a while, blessed unconsciousness..Hard experience had taught him, however, that killing someone he knew, while occasionally necessary, didn't release stress. Or if it did briefly release stress, then unforeseen consequences always contributed to even worse future stress..The pewter bludgeon slammed into the back of his skull with a hard pack. The scalp tore, blood sprang forth, and the man fell as hard as Victoria had fallen under the influence of a good Merlot, although he went facedown, not faceup as she had done..He bolted up from the sofa, saying too loudly, "Canned hams," but at once he realized this made no sense, none, zip, so he searched desperately for something coherent to say--"Potatoes, corn chips"--which was equally ridiculous. Now Obadiah was staring at him with that concerned alarm you saw on the faces of people watching an epileptic in an uncontrolled fit, so Edom plunged across the living room as though he were falling off a ladder, toward the front door, struggling to explain himself as he went: "We've brought some, there are some, I'll get some..If her beautiful son was to be a prodigy of any kind, she would thank God for his talent and would do anything she could to help him achieve his destiny..If you don't, your feeling gland isn't working. Want me to read you to sleep?".The mound of earth beside the grave had been disguised by piles of flowers and cut ferns. The suspended casket was skirted with black material to conceal the yawning grave beneath it..My scar," he confessed, "is inexperience. For a man my age, Agnes, I'm in some ways unbelievably innocent. I wouldn't trade the years with Perri for anything or anyone, but intense as it was, our love didn't include ... Well, I mean, you may find me inadequate..Having used his body as a clapper in the bell of the Dumpster, Junior had struck a loud reverberant note that tolled like a poorly cast cathedral bell, echoing solemnly off the walls of the flanking buildings, back and forth through the fogbound night..To his room then, where they sat side by side in bed, a plate of chocolate-chip cookies between them. Through the evening, they stepped off this earth and out of all its troubles, into a world of adventure, where friendship and loyalty and courage and honor could deal with any malignancy..Instead, she saw Phimie reborn. She saw, as well, a child endangered. Somewhere out there was a rapist capable of extreme cruelty and violence, a man who would--if Phimie was correct--react unpredictably if ever he learned of his.She remained fixated on the card that she had just dealt, and for a while she didn't speak, as though the eyes of the paper knave held her in thrall. Finally she said, "Monster. Human monster..".The two women stared at each other, and at last Celestina said, "Good Lord, what's happening here?". "It was in your heart, too, and anything that's in your heart is there for anyone to see. Will your father marry us?".Throughout the day, he tried not to think about the four knaves. But he was an obsessive, of course, so in spite of all his trying, he did not succeed..Never would he pause to reload at this desperate penultimate moment, when success or failure might be decided in mere seconds. That would be the choice of a man who thought first and acted later, the behavior of a born loser..Sitting in Simon Magusson's mahogany-paneled office, reading the contents of this file, Junior was aghast. "I could have been killed..".As though one of the quarters had dropped into his ear and triggered a golden oldie in the jukebox of his mind, Junior heard Vanadium's voice in the hospital room, in Spruce Hills, on the night of the day when Naomi died: "en you cut Naomi's string, you put an end to the effects that her music would have on the lives of others and on the shape of the future.....Only two explanations occurred to him. First, bureaucracies slavishly follow the rules even when the rules make no sense. Second, the Ugliest Private Detective in the World, Nolly Wulfstan, was an incompetent dunce..".Well, you see, that's the funny thing about all the important choices we make. If we make a really big wrong choice, if we do the really awful wrong thing, we're given another chance to continue on the right path. So the very moment I stupidly stepped off the curb without looking, I created another world where I did look both ways and saw the rhinoceros coming. And so-".One moment, girl and yellow vinyl ball. The next moment, gone as if they'd never been..Junior had thought most other policemen must consider Vanadium to be a loose cannon, a rogue, an outcast. Perhaps the opposite was true--and if it was, if Vanadium was highly regarded among his peers, he was immeasurably more dangerous than Junior had realized..SHORTLY BEFORE one o'clock, the Hackachaks descended in a fury, eyes full of bloody intent, teeth bared, voices shrill..On he went, up he went, trunk to limb, limb to branch, branch to limb, to limb, to trunk. Hand over hand up the vertical parts, gripping with his knees, then standing and walking like a tightrope artist along limbs horizontal to the ground, swinging over empty air and stepping from one woody walkway to another, ever upward toward the highest bower, dwindling as though he were growing younger during the ascent, becoming a smaller and smaller boy. Forty feet, fifty feet, already far higher than the house, striving toward the green citadel at the summit..Even a cool day on the pie route could produce a good sweat by journey's end, because with the addition of the men to this ambitious project, they now not only made deliveries but also performed some chores that were a problem for the elderly or disabled..".The doctors," he continued, "needed to repair damage to the left frontal sinus, the sphenoidal sinus, and the sinus cavernous, which had all been partially crushed by that pewter candlestick. Frontal, malar, ethmoid, maxillary, sphenoid, and palatine bones had to be rebuilt to properly contain my right eye, because it sort of ... well, it dangled. That was just for starters, and there was considerable essential dental work, as well. I elected not to have any cosmetic surgery..".I. In the Dark Time.His previous plan to create a tableau-butter on the floor, open oven door-to portray Victoria's death as an accident was no longer adequate. A new strategy was required..".No, that's not necessary," Junior said, trying to sound casual. "Considering what you told me, I'm sure whoever's bothering me here can't be Vanadium. I mean, him being on the run, with plenty of his own troubles, the last thing he'd do is follow me here just to screw with my head a little..".So much argued against the idea that they could succeed as a couple. In this age when race supposedly didn't matter anymore, it sometimes seemed to matter more year by year. Age

mattered, too, and at fifty, he was twenty-six years older than she was, old enough to be her father, as surely her father would quietly but pointedly--and repeatedly!--observe. He was highly educated, with multiple medical degrees, and she had gone to art school..The terror he hid from her vanished with the recital of their vows. He knew from their first kiss as husband and wife that this was his destiny. What a great adventure they'd had together these past twenty-three years, one that Doc Savage might have envied..After a while, when no plane crashed on top of him, Jacob got up, went into the kitchen, and mixed a batch of dough for Agnes's favorite treats. Chocolate-chip cookies with coconut and pecans..surreptitiously with Junior. He was accustomed to being an object of desire. This night, however, the only lady he cared about was San Francisco herself, and he wanted to be alone with her..His words echoed back to her from July: My cold's just here, not every place I am..Mary had a yellow vinyl ball of the type Koko would happily chase all day and, if allowed, chew all night, keeping the house awake with its squeaking. "Want this?" she asked Koko. Koko wanted it, of course, needed it, absolutely had to have it, and leaped into action as Mary pretended to throw the ball..When she complimented him on being such a good little soldier, abiding his cold with no complaint, he shrugged. Without looking up from the coloring book, he said, "It's just here..".When she turned to him again, he had already slipped into his jacket and snatched the car keys off the foyer table. He put his left hand under her right arm, as though Agnes were feeble and in need of sup-."Would you like a little tea and a piece of crumb cake?" Grace asked as smoothly as if, in *The Big Book of Etiquette for Ministers' Wives*, this were the preferred response to the announcement of a startling career change..I have trusted in thy mercy, she thought desperately, reaching for comfort to Psalms 13:5..Junior realized that killing Renee this very night would be an unthinkable waste. Instead, he could marry her first, enjoy her for a while, and eventually arrange an accident or suicide that left him with all-or at least a significant portion of her assets..almost recoiled in disgust. She held the newborn so that its mother could look into..Over generous slices of Black Forest cake and coffee, Jacob at first held forth on the explosion of a French freighter, carrying a cargo of ammonium nitrate, at a pier in Texas City, Texas, back in 1947. Five hundred and seventy-six had perished..Her brothers' solemnity irritated Agnes. They appeared to be taking this reading seriously, as though it were far more than just a little after-dinner entertainment.. "July 6, 1944, in Hartford, Connecticut, a fire broke out in the great tent of the Ringling Brothers and Barnum and Bailey Circus at two-forty in the afternoon, while six thousand patrons watched the Wallendas, a world-famous high-wire troupe, ascend to begin their act. By three o'clock, the fire burned out, following the collapse of the flaming tent, leaving one hundred sixty-eight dead. Another five hundred people were badly injured, but one thousand circus animals-including forty lions and forty elephants-were not harmed..". Agnes discovered that watching her child be totally consumed by a new enthusiasm was an unparalleled delight. Through Barty, she had a tantalizing sense of what her own childhood might have been like if her father had allowed her to have one, and at times, listening to the boy exclaim about the space-faring Stone family or about the mysteries of Mars, she discovered that at least some part of a child still lived within her, untouched by either cruelty or time..For her, the suspense that grew throughout dinner didn't have much to do with whether or not Wally would pop the question, because if he didn't broach the subject this time, she intended to take the initiative. Instead, Celestina was more tense about whether or not Wally expected that a heartfelt expression of commitment should be sufficient to induce her to sleep with him..The end of his quest was near, so near, the right Bartholomew almost within 'mullet range. He was furious with Neddy Gnathic for possibly screwing this up..Minutes later, once more in a corridor conference with Dr. Daines, she was forced to temper her new optimism.. "To support my eyelids. And because without anything in the sockets, I look gross. People barf. Old ladies pass out. Little girls like you Pee their pants and run screaming..". In spring, summer, and fall, they brightened the grave with the roses that Edom grew in the side yard. In this less rose-friendly season, these Christmas bouquets had been purchased at a flower shop.. "Oh, dear God," she whispered, and although she had always been a strong woman who stood on a rock of faith, who drew hope as well as air with every breath, she was as weak now as the unborn child in her womb, sick with fear..Wednesday morning, January 10, he wired one and a half million dollars from the Gammoner account to Pinchbeck in Switzerland. Then he closed out the account in the Grand Cayman bank..He was able to search five pages at a sitting before his head began to ache. He'd been putting in two sessions each day, starting this past Tuesday. Four thousand names a day. Sixteen thousand total when he finished the fifth of this evening's pages.. "Don't get me started on cyclones!" Edom hurried through the house and out to the station wagon, to fetch the boxes of groceries.. "We've mapped three routes to the top," Angel said, "and each offers different challenges. Barty's eventually going to climb all of them, but he's starting with the hardest..". She struggled, wept, pretended disgust, faked shame, swore to bring the police down on him. Another man, not as highly skilled at reading men as Junior, might have thought the girl's resistance was genuine, Sat her charges of rape were sincere. Any other man might have backed off, but Junior was neither fooled nor confused..And though Barty was not shy, neither was he a show-off. He didn't seek praise for his accomplishments, and in fact, they were little known outside of his immediate family. His satisfaction came entirely from learning, exploring, growing..On this occasion, however, he couldn't have focused on a book even if he'd had the strength to hold it. The fierce paroxysms that clenched his guts also destroyed his ability to concentrate..Heaven, and his words touched a tenderness in her, overlaying an arc of pain across the curve of her smile..In Cain's bedroom, Tom Vanadium's hooded flashlight revealed a six-foot-high bookcase that held approximately a hundred volumes. The top shelf was empty, as was most of the second..In the minister's house, Junior had seen no indications of a sister. No family photos, no high-school graduation portrait proudly framed. Of course, he had not been interested in their family, for he had been all-consumed by Seraphim..His artificial eyes were almost a month old. He'd been through surgery to have the eye-moving muscles attached to the conjunctiva, and everybody told him that the look and movement were absolutely real. In fact, they

had told him this so often, in the first week or two, that he became suspicious and figured that his new eyes were totally out of control and spinning like pinwheels..Junior could neither speak nor even mewl in agony. All the saliva had been draining forward, out of his open mouth, for so long that his throat was parched and raw. He felt as though he had munched on a snack of salted razor blades that were now stuck in his pharynx. His rattling wheeze sounded like scuttling scarabs..Darkrose and Diamond."Well, certainly, I understand," said Panglo, slowly lowering the offered hand, although he clearly didn't understand at all..So runs the water away, away,.Dinner arrived, and Tom persuaded Celestina and Grace to come to the table for Angel's sake, even if they had no appetite. After so much chaos and confusion, the child needed stability and routine wherever they could be provided. Nothing brought a sense of order and normality to a disordered and distressing day more surely than the gathering of family and friends around a dinner table..You have the teeth to do it, Junior thought, but he restrained himself from saying it. "This can't be a dead end."..He turned the knob. The door eased inward, but he pushed it open only a fraction of an inch..Downstairs, two shots cracked, and an instant after the second, an explosion shook the parsonage as though the long-promised Judgment were at hand. This was a real explosion, not the impact of another runaway Pontiac..Junior held the silencer-fitted 9-mm pistol under his left arm, clamped against his side, freeing both hands to use the automatic pick..Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better-even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy-and in the twins' case, the eccentricity-of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do..One of the gifts of power is to know power. Wizard knows wizard, unless the concealment is very skillful. And the boy had no skills at all except in boat-building, of which he was a promising scholar by the age of twelve. About that time the midwife who had helped his mother at his birth came by and said to his parents, "Let Otter come to me in the evenings after work. He should learn the songs and be prepared for his naming day."..There is no king in Earthsea," the young man said, stern and righteous, "In my master's service, then," Hound amended, patient.. "I get frustrated," he admitted. "Trying to learn how to do things in the dark ... I get peed off, as they say."..Not one day in anyone's life, so her father taught, is an uneventful day, no day without profound meaning, no matter how dull and boring it might seem, no matter whether you are a seamstress or a queen, a shoeshine boy or a movie star, a renowned philosopher or a Downs syndrome child. Because in every day of your life, there are opportunities to perform little kindnesses for others, both by conscious acts of will and unconscious example. Each smallest act of kindness-even just words of hope when they are needed, the remembrance of a birthday, a compliment that engenders a smile-reverberates across great distances and spans of time, affecting lives unknown to the one whose generous spirit was the source of this good echo, because kindness is passed on and grows each time it's passed, until a simple courtesy becomes an act of selfless courage years later and far away. Likewise, each small meanness, each thoughtless expression of hatred, each envious and bitter act, regardless of how petty, can inspire others, and is therefore the seed that ultimately produces evil fruit, poisoning people whom you have never met and never will. All human lives are so profoundly and intricately entwined-those dead, those living, those generations yet to come-that the fate of all is the fate of each, and the hope of humanity rests in every heart and in every pair of hands. Therefore, after every failure, we are obliged to strive again for success, and when faced with the end of one thing, we must build something new and better in the ashes, just as from pain and grief, we must weave hope, for each of us is a thread critical to the strength-to the very survival-of the human tapestry. Every hour in every life contains such often-unrecognized potential to affect the world that the great days for which we, in our dissatisfaction, so often yearn are already with us; all great days and thrilling possibilities are combined always in this momentous day..Everyone was silent. The day was morgue-still. The crows had fled the sky, but a single hawk gilded soundlessly, like justice with its prey in sight, high above the tower..He was uncharacteristically restive. His stoic nature, his long learned Jesuit philosophy regarding the acceptance of events as they unfold, and the acquired patience of a homicide detective were insufficient to prevent frustration from taking root in him. In the more than two months since Enoch Cain vanished, following the murder of Reverend White, no trace of the killer had been found. Week by week, the slender sapling of frustration had grown into a tree and then into a forest, until Tom began every morning by looking out through the tightly woven branches of impatience..Three equally modest rooms opened off this lounge. Two housed complete dental units, and the third provided cramped office space shared by the receptionist and the doctor..honor and family. This was life, and everyone lived his life in the shadow of one solemn obligation or another..And so at the age of thirty-one, after more than twenty-eight years of blindness with a few short reprieves, Barty Lampion received the gift of sight from his ten-year-old daughter. 1996 through 2000: Day after day, the work was done in memory of Agnes Lampion, Joey Lampion, Harrison White, Seraphim White, Jacob Isaacson, Simon Magusson, Tom Vanadium, Grace White, and most recently Wally Lipscomb, in memory of all those who had given so much and, though perhaps still alive in other places, were gone from here..Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself..FOR AMERICANS OF Chinese descent-and San Francisco has a large Chinese population-1965 was the Year of the Snake. For Junior Cain, it was the Year of the Gun, though it didn't start out that way..But the other learning he had been given had made Otter touchy in these matters, delicate of conscience. The big galley they were building now would be rowed to war by Losen's slaves and would bring

back slaves as cargo. It galled him to think of the good ship in that vicious usage. "Why can't we build fishing boats, the way we used to?" he asked, and his father said, "Because the fishermen can't pay us." Junior vigorously scrubbed his corpse-licked cheek with one hand. Then he scrubbed his hand against the musician's raincoat. Neither of them was aware that their personal drama, in all its clumsiness and glory, had focused the attention of everyone in the restaurant. The cheer that went up at Celestina's acceptance of his proposal caused her to start, knocking the ring from Wally's hand as he attempted to slip it on her finger. The ring bounced across the table, they both grabbed for it, Wally made the catch, and this time she was properly betrothed, to wild applause and laughter. "Frozen firing pin," Cain said. His smile was venomous. "I worked on it. I hoped you'd get here in time to see the consequences of your stupid games." "It isn't just the rotten railing," Junior said, still paging through the report, his outrage growing. "The stairs are unsafe." During the past few hours, he had changed his life again, as dramatically as he had changed it on that fire tower almost three years ago. There would be lots of aftermath with three at once, especially if he took them out with point-blank head shots, but Junior was pumped full of reliable antiemetics, anti-diarrhetics, and antihistamines, so he felt adequately protected from his traitorous sensitive side. In fact, he wanted to see a significant quantity of aftermath this time, because it would be proof positive that the boy was dead and that all this torment had come at last to an end. A flicker of complacency showed in Otters' tired, battered young face. "No," he said. "I don't think anybody can." He stared out at the congregated ghosts of fog, white multitudes that entirely obscured the bay, as if all the sailors ever lost at sea had gathered here, pressing at the window, eyeless forms that nevertheless saw everything. Jacob cooked corn bread, cheese-and-parsley omelettes, and crisp home fries with a dash of onion salt. For a driver who had just engaged in a demolition derby with a house, the mummified man was steady on his feet and unhesitant in his actions. He turned to Harrison White and shot him twice in the chest. "Are you all right?" he asked as he opened the passenger's door and helped her into the car. Edom and Jacob came to dinner with Agnes every evening. And though the past weighed heavily on them when they were under this roof, without fail they stayed long enough to wash the dishes before fleeing back to their apartments over the garage. By habit, she shifted her attention to his eyes, because though the scientific types insist that the eyes themselves are incapable of expression, Agnes knew what every poet knows: To see the condition of the hidden heart, you must look first where scientists will not admit to looking at all.
