"You know that a dragon brought back our Lord Sparrowhawk, with the young king, from the shores of death. Then the dragon carried Sparrowhawk away to his home, for his power was gone, he was not a mage. So presently the Masters of Roke met to choose a new Archmage, here, in the Grove, as always. But not as always..he was cheating, hiding his power, a rival hiding his power? A jealous rival. He must be stopped,.IV. Will you lead me where I need to go?".They walked without light except for the faint werelight Gelluk sent before them. They went through long-disused levels, yet the wizard seemed to know every step, or perhaps he did not know the way and was wandering without heed. He

talked, turning sometimes to Otter to guide him or warn him, then going on, talking on..He woke, as he always did, in his room in the Great House. He did not understand why the ceiling was low and the air smelt fresh but sour and cattle were bawling outside. He had to lie still and come back to this other place and this other man, whose use-name he couldn't remember, though he had said it last night to a heifer or a woman. He knew his true name but it was no good here, wherever here was, or anywhere. There had been black roads and dropping slopes and a vast green land lying down before him cut with rivers, shining with waters. A cold wind blowing. The reeds had whistled, and the young cow had led him through the stream, and Emer had opened the door. He had known her name as soon as he saw her. But he must use some other name. He must not call her by her name. He must remember what name he had told her to call him. He must not be Irioth, though he was Irioth. Maybe in time he would be another man. No; that was wrong; he must be this man. This man's legs ached and his feet hurt. But it was a good bed, a feather bed, warm, and he need not get out of it yet. He drowsed a while, drifting away from Irioth..Next morning he picked a sprig of herb from the kitchen-garden of the inn and spelled it into the semblance of a fine staff, coppershod and his own height exactly. "What is the wood?" Dragonfly asked, fascinated, when she saw it, and when he answered with a laugh, "Rosemary," she laughed too..effectively as the central government of the Archipelago.."Send him on out to the dairy," said one of Alder's cowboys. "Gift's taking whatever comes." There was some sniggering and shushing..He had been walking almost asleep. The pallor of the werelight had faded, drowned in a fainter,.Never old. I can't teach you. I can take you into the Grove." After a minute he stood up. "Yes?".So they sailed south in Hopeful, landing first at malodorous Geath, and then in the guise of peddlers working their way from one islet to the next among the mazy channels. Crow had stocked the boat with better wares than most householders of the Isles were used to seeing, and Tern offered them at fair prices, mostly in barter, since there was little money among the islanders. Their popularity ran ahead of them. It was known that they would trade for books, if the books were old and uncanny. But in the Isles all books were old and all uncanny, what there was of them..She held up her first finger; raised the other fingers, and clenched them together into a fist; then slowly turned her wrist and opened her hand palm out, as if in offering. He had seen Anieb make that gesture. It was not a spell, he thought, watching intently, but a sign. Ayo was watching him..opens all the greater spells; and he spoke..A long shudder went through her as she stood facing him. She felt herself larger than he was, larger than she was, enormously larger. She could reach out one finger and destroy him. He stood there in his small, brave, brief humanity, his mortality, defenseless. She drew a long, long breath. She stepped back from him.."Now, what is forbidden to the summoner, or any wizard, is to call a living spirit. We can call to them, yes. We can send to them a voice or a presentment, a seeming, of ourself. But we do not summon them, in spirit or in flesh, to come to us. Only the dead may we summon. Only the shadows. You can see why this must be. To summon a living man is to have entire power over him, body and mind. No one, no matter how strong or wise or great, can rightly own and use another..must be a horrible thing - not to breathe the air." She had shuddered at the thought. It was the..slowly down at the ground. She sank down kneeling. He knelt with her, tried to support her, but..games, so I left. Do you know what I did?" He turned, showing his teeth in a rictus of triumph. "I."Hungry? Eat," he said..but all that would do was hide the ache for a while. There was no cure for what ailed him. Old."There is..".But I came far. Miles can be years. I am Kargish, from Karego. You know?".Her eyes were shining and attentive..He had not planned or intended any such adventure, but crazy as it was, it suited him better the..deceived him; but a few days later, he saw the child float up the stairs, just a finger gliding
