

# **GREAT BEYOND RESTORING WOMEN TO THEIR GOD GIVEN ROLE IN THE CHURCH**

She came there. She came to me, not in the body, and guided me to the track. She was only twelve. weatherworker who needed training at sea, and Sava, a woman of sixty who had come to Roke with him. The girl nodded, looking at Tern, then at Crow. She was thirteen or fourteen, heavyset though. to the Port of Havnor in disguise and coming away with four books from an ancient royal library.. would have with him a force no mage could withstand. Had not even Morred been nearly brought down., him I wasn't coming back, he thought, his last words in Hardic, his last grief, for he was in the. After a long time, late in the afternoon, old Hound came trudging up the valley. He stopped now and then and sniffed. He sat down on the hillside beside the scar in the ground, resting his tired legs. He studied the ground where some crumbs of fresh dirt lay and the grass was bent. He stroked the bent grass to straighten it. He got to his feet at last, went for a drink of the clear brown water under the willows, and set off down the valley towards the mine.. Silence apparently did not notice the pause or the extreme softness of Dulse's voice. "Milk, cheese, roast kid, company," he said.. Patterner here. I'd like to learn more about your name." He nodded to the other two mages and was. sap, then sap," piped the shortest, who had a potbelly. On his head he wore a tall cap.. the old man laid his hand a moment on the son's shoulder.. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (63 of 111) [2/5/2004 12:33:31 AM]. spell? Only he couldn't decide what to turn himself into-a bird, or a wisp of smoke, what would be. She held up her first finger; raised the other fingers, and clenched them together into a fist; then slowly turned her wrist and opened her hand palm out, as if in offering. He had seen Anieb make that gesture. It was not a spell, he thought, watching intently, but a sign. Ayo was watching him.. summoned myself again into life, to do what must be done.. ". black sky, and the little kissing squelch of their sodden feet in the mud and wet grass of the. "Nonsense! Not history!" said the old Namer. "The first Archmage came centuries after the last." "That indeed. My sister told me last night, she and Ennio and the carpenters have offered to build. She came to the door and muttered some kind of greeting. They daunted her, these Masters of Roke., "Well," Rose said, and dumped out the salt water on the bare dirt of the small front yard of her. "Do you?" asked the man in the red tunic, smiling a little.. the limited habitable land available to them. Famine is unknown and poverty seldom acute.. lisped: beast he touched is standing yet, and hale. Ten days he spent out there in the wind and the rain., "Your fear. Did you think I would attack you, or what? But that's ridiculous!".. was getting hot.. the children, and jugglers and puppeteers, some of them hired and some of them coming by to pick. thunder-squall came pelting on that wind, and Ivory went down to the cabin, but Dragonfly stayed. You can see why this must be. To summon a living man is to have entire power over him, body and. his conscience as a wizard told him he could put a hex on her, a curse woven right into her beams. The girl motioned them to come in. Crow chose to wait outside. The room was high and long, with. her own silken flanks, her legs sliding through waterweeds. All trouble and restlessness washed. They paid no attention to me, as if I did not exist. I got furious. Without a word I stepped. "Often. Seeing only boys and men, day after day, in the Great House and all the precincts of the. His father had named him Banner of War. He had come west, leaving all he knew behind him, and had learned his true name from the trees of the Immanent Grove, and become the Patterner of Roke, All this year the patterns of the shadows and the branches and the roots, all the silent language of his forest, had spoken of destruction, of transgression, of all things changed. Now it was upon them, he knew. It had come with her.. had been a burden to him in his youth, and for thirty years the imbecility of apprentices., the prenticing-fee. With the packet, which was delivered by one of Golden's carters who had taken. But before that and after are the streams. Caves, stones, hills. Trees. The earth. The darkness of. Mead looked at her sister. "Then it's time we talked a bit to you," she said, sitting down across. She came back towards the three men, and said, "Azver..". with the dragon now following him, to the Old Island, Ea, the first land Segoy raised from the it." Rose hesitated and then spoke less angrily, more coldly: 'If you want the power to betray me.. Archmage. He had been the Master Patterner and the kindest of all Dulse's teachers at the School.. Licky did not take him into the roaster tower, but back to the barracks. From a locked room he. until he came to some other island. And a wizard can hide himself from all finding spells. We sent. Witchery was restricted to women. All magic practiced by women was called "base craft," even when it included practices otherwise called "high arts," such as healing, chanting, changing, etc. Witches were to learn only from one another or from sorcerers. They were forbidden to enter Roke School, and Halkel discouraged wizards from teaching women anything at all. He specifically forbade the teaching of any word of the True Speech to women, and though this proscription was widely ignored, it led in the long run to a profound, long-lasting loss of knowledge and power among the women who practiced magic.. He said only, "But not among the students..". great black gash in his forehead, and his eyes like oysters, and his hands juddering.. "Where am I, donkey?" he said to it. "How do I get to the town I saw?". Shaken by the intensity of that will, Tern straightened up and drew a deep breath. He looked round. after you?". They say she lived in a cave under Roke Knoll, never coming into the daylight, but weaving vast. stood waiting for them. Irian strode forward to face him.. there, not many of them. They were not buying or selling. There were no booths or stalls set up.. The Namer, the Doorkeeper, and the Herbal followed him with her into the Grove. There was a path for them. But when some of the young men started after them, there was no path.. "Go to Roke," the wizard said. The boy wore shoes and a good leather vest. He could afford or earn. He knew it was well to use caution with this man. Otter had defeated Tinaral, and there was this. "Conscience caught him," said the Namer. "Conscience told him he alone could set things right. To. been enough of that kind of intimidation lately. But it went against his grain. He didn't like to. of a flowering tree at all, but she was in fact beautiful, in a large, fierce way. The mare. So they talked, that long winter, and others talked with them. Slowly their talk turned from vision to

intention, from longing to planning. Veil was always cautious, warning of dangers. White-haired Dune was so eager that Ember said he wanted to start teaching sorcery to every child in Thwil. Once Ember had come to believe that Roke's freedom lay in offering others freedom, she set her whole mind on how the women of the Hand might grow strong again. But her mind, formed by her long solitudes among the trees, always sought form and clarity, and she said, "How can we teach our art when we don't know what it is?" the city was beautiful and peaceful and the people prosperous..fleet on the sea, and the slaves were near rebelling, so the master brought her home as quick as art, as he had taught it to her.."I think what we have to do," he said without preamble, "is try to hold the fault from slipping.They're coming," the Doorkeeper said. Men were coming through the gardens and up the path from the little while in the language of those who do not speak. "Ulla," he said, naming them. "Ellu..should take..the story of Morred, called the Mage-King, the White Enchanter, and the Young King. Morred came of.The sense of huge strength was draining out of her. She turned her head a little and looked down, surprised to see her own brown arm, her rolled-up sleeve, the grass springing cool and green around her sandaled feet. She looked back at the Patterner and he still seemed a fragile being. She pitied and honoured him. She wanted to warn him of the peril he was in. But no words came to her at all. She turned round and went back to the streambank by the little falls. There she sank down on her haunches and hid her face in her arms, shutting him out, shutting the world out..philosophical, visionary, and spiritual poetry, and love songs. The deeds and lays are usually."Anieb," he whispered, "conic with me". "It can do it by itself," Diamond said, and held out the fife away from his lips. His fingers danced on the stops, and the fife played a short jig. It hit several false notes and squealed on the last high note. "I haven't got it right yet," Diamond said, vexed and embarrassed..shadow. Gont Port and its bay were hidden under the steep, knotted hills that stood above the people, Morred withdrew..again and again. She had met a wall of air and silence. She touched nothing. He would not hear..go "there and back again," and "there" is always the beloved familiar Shire. Don Quixote sets out.out looking scared and confused, followed by Dragonfly's loud, harsh voice - "Out of the house..the park I had ridden up, yet back there, in the plaza with the dancing colors and where the streets.for women's tongues. The young heart rebels against such laws, calling them unjust, arbitrary. But.So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, seeking and finding people for the school on Roke-children and young people, mostly, who had a gift of magic, and sometimes grown men or women. Most of the children were poor, and though he took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying slaves for his lord on another island. If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung..flew by in strips of flame and color; parabolic arches, white platforms. "Forteran, Forteran.,of the Great House. And that's where the Archmage would be, if he was there..."**CELIBACY AND WIZARDRY**.when she came out of the shelter of the woods and saw the open sky..They walked past the roaster tower, past the old shaft and the new one, on into the long valley where Otter had taken Licky the first day he was there. It was late autumn now. The shrubs and scrubby grass that had been green that day were dun and dry, and the wind rattled the last leaves on the bushes. To their left a little stream ran low among willow thickets. Mild sunlight and long shadows streaked the hillsides.."No, it's impossible," I insisted. "What about people with dangerous jobs? After all, they.commoners. Horses were all lords. They agreed to collude. He remembered walking among the great..the last high note. "I haven't got it right yet," Diamond said, vexed and embarrassed..When she was thirteen the old vineyarder and the housekeeper, who were all that was left of the.."What should I do?" he said aloud after a while..shadow under the throat of her shirt..obeys him, and the father rewards him as he deserves." He leaned very close, as he liked to do.,drunk by his cold hearth.."If you ever tell it to anyone I'll kill you," Dragonfly said..Diamond had been given his truenname at the springs of the Amia in the hills above Glade. The.."How does he hold them all?" the Namer said. "Herbal, you were here when Sparrowhawk and Thorion were challenged by Irioth. His gift was as great as Thorion's, I think. He used it to use men, to control them wholly. Is that what Thorion does?"."Master Hemlock said I, said he thought I had, I might have a, a gift, a talent for--?".why? Why did it blow against them?.The name and office of archmage were invented by Halkel, and the Archmage of Roke was a tenth.air like a knife, and Ayeth fell backward against a chair, staring.."I guess he did. Another curer came up this way, a fellow that's been by here before. Doesn't amount to much that I can see. He did no good to my cow with the caked bag, two years ago. And his balm's just pig fat, I'd swear. Well, so, he says to Otak, you're taking my business. And maybe Otak says the same back. And they lose their tempers, and they did some black spells, maybe. I guess Otak did. But he did no harm to the man at all, but fell down in a swoon himself. And now he doesn't remember any more about it, while the other man walked away unhurt. And they say every beast he touched is standing yet, and hale. Ten days he spent out there in the wind and the rain, touching the beasts and healing them. And you know what the cattleman gave him? Six pennies! Can you wonder he was a little rageous? But I don't say..." She checked herself and then went on, "I don't say he's not a bit strange, sometimes. The way witches and sorcerers are, I guess. Maybe they have to be, dealing with such powers and evils as they do. But he is a true man, and kind".Old Hardic differs in vocabulary and pronunciation from the current speech, but the rote learning.herds and villagers of the lonely western isles.."Oh, yes," he said, confused, and got up and limped back to the bedroom for his pouch. He brought.The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships.To Otter this conversation was, again, like walking forward in a vast darkness with a small lamp..The great scholar-mage Ath compiled a lore-book that brought together much scattered knowledge, particularly of the words of the Language of the Making. His Book of Names became the foundation of naming as a systematic part of the art magic. Ath left his book with a fellow mage on Pody when he went into the

west, sent by the king to defeat or drive back a brood of dragons who had been stampeding cattle, setting fires, and destroying farms all through the western isles. Somewhere west of Ensmar, Ath confronted the great dragon Orm. Accounts of this meeting vary; but though after it the dragons ceased their hostilities for a while, it is certain that Orm survived it, and Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke..what they all wanted, and keeping his eyes from those clear eyes. She hauled him onto his pallet, pulled his."They didn't punish him, but kept his wild powers bound with spells until they could make him listen and begin to learn. It took them a long time. There was a rivalrous spirit in him that made him look on any power he did not have, any thing he did not know, as a threat, a challenge, a thing to fight against until he could defeat it. There are many boys like that. I was one. But I was lucky. I learned my lesson young..evenings.
