Therefore nobody in his right mind would be in the Army. But since the Army was full of people whom it had judged to be acceptably sane and normal, it seemed to follow that the Army's ideas of what was normal had to be very strange. Now, to transfer into something like Engineering seemed on the face of it to be a perfectly natural, reasonable, constructive, and desirable thing to want to do. And that seemed enough to guarantee that the Army would find the request unreasonable and him unsuitable..Robert F. Don't I let myself get sucked into looking after her like everyone else? That sweet, yielding, dependency is no more than what her father trained into her. It's the Senator I dislike." She snorted. Time enough for that on later flights. We were blinded by our loyalty to the test-pilot philosophy of space flight. We wanted as few scientists as possible and as many astronauts as we could manage. We don't like to think of ourselves as ferry-boat pilots. I think we demonstrated during Apollo that we could handle science jobs as well as anyone. Like all the others, she was nude and seemed totally at home with it None of them had worn anything but a Martian pressure suit for eight years. She ran her hand lovingly over the gossamer wall, the wall that had provided her and her fellow colonists and their children protection from the cold and the thin air for so long. He was struck by her easy familiarity with what seemed to him outlandish surroundings. She looked at home. He couldn't imagine her anywhere else..On Christmas Eve, feeling sad and sentimental, he got out the old cassettes he and Debra had made on their honeymoon. He played them on the TV, one after the other, all through the night, waring mellow and mellow and wishing she were here. Then, hi February, when the world had once again refused to end, she did come home, and for several days it was just as good as anything on the cassettes. They even, for a wonder, talked to each other. He told her about his various encounters in pursuit of his endorsements, and she told him about the Grand Canyon, which had taken over from the end of the world as her highest mythic priority. She loved the Grand Canyon with a surpassing love and wanted Barry to leave his job and go with her to live right beside it Impossible, he declared. He'd worked eight years at Citibank and accrued important benefits. He accused her of concealing something. Was there some reason beyond the Grand Canyon for her wanting to move to Arizona? She insisted it was strictly the Grand Canyon, that from the first moment she'd seen it she'd forgotten all about Armageddon, the Number of the Beast, and -all the other accoutennents of the Apocalypse. She couldn't explain: he would have to see it himself. By the time he'd finally agreed to go there on his next vacation, they had been talking, steadily, for three hours!.It was so dark in there with the curtains drawn that I couldn't see a thing. I left the closet and opened them a little on the front window. It didn't let in a lot of light, but it was enough. Maybe Detweiler wouldn't notice. I went back to the closet and waited..era! rule, in the form either of cash on the barrel or services rendered. Barry said (jokingly, of course) that he wouldn't object to bartering his virtue for an endorsement, or preferably two, to which Michelle replied (quite seriously) that unfortunately she did not know anyone who might be in the market for Barry's particular type. Generally, she observed, it was younger people who got their endorsements by putting out.Amos began to whisper through the bars. My voice sounded thin..Then, as though they'd been waiting for these preliminaries to be concluded, tears sprang to her eyes. A tremor of heartfelt emotion colored her lovely contralto voice as she said, "Oh Jesus, what am I going to do? I can't take any more! I am just so ... so goddamned wretched! Fd like to kill myself.
