"I can tell you only how it seems to me," the Herbal said, reluctant, uncomfortable..How long had he been standing here? Why was he standing here? He had been thinking about mud, about the floor, about Silence. Had he been out walking on the path above the Overfell? No, that was years ago, years ago, in the sunlight. It was raining. He had fed the chickens, and come back to the house with three eggs, they were still warm in his hand, silky brown lukewarm eggs, and the sound of thunder was still in his mind, the vibration of thunder was in his bones, in his feet. Crow had stocked the boat with better wares than most householders of the Isles were used to seeing, and Tern offered them at fair prices, mostly in barter, since there was little money among the islanders. Their popularity ran ahead of them. It was known that they would trade for books, if the books were old and uncanny. But in the Isles all books were old and all uncanny, what there was of them..But after ten days or so, Licky said, "Master Gelluk's coming here. I heard; the word had probably been said more than once, but I did not.But he said nothing to the boy and nothing to the boy's mother. He was a consciously close-mouthed man, distrustful of visions until they could be made acts; and she, though a dutiful, loving wife and mother and housekeeper, already made too much of Diamond's talents and accomplishments. Also, like all women, she was inclined to babble and gossip, and indiscriminate in her friendships. The girl Rose hung about with Diamond because Tuly encouraged Rose's mother the witch to visit, consulting her every time Diamond had a hangnail, and telling her more than she or anyone ought to know about Golden's

household. His business was none of the witch's business. On the other hand, Tangle might be able to tell him if his son in fact showed promise, had a talent for magery...but he flinched away from the thought of asking her, asking a witch's opinion on anything, least of all a judgment on his son..likely to be sung again. There was no use trying to get there before him; he had the lead. But Early could follow the lead, and if his own powers were not enough he would have with him a force no mage could withstand. "Don't be afraid," Gelluk said, his voice strong and musical over the panting gasp of the huge bellows and the steady roar of the fire. "Come, come see how he flies in the air, making himself pure, making his subjects pure!" He drew Otter to the edge of the roasting pit. His eyes shone in the flare and dazzle of the flames. "Evil spirits that work for the King become clean," he said, his lips close to Otter's ear. "As they slaver, the dross and stains flow out of them. Illness and impurities fester and run free from their sores. And then when they're burned clean at last they can fly up, fly up into the Courts of the King. Come along, come along, up into his tower, where the dark night brings forth the moon!" I followed her..There was not much to be got from the people his men brought to him. The same thing again: they belonged to the Hand, and the Hand was a league of powerful sorcerers on Morred's Isle, or on Roke; and the man Otter or Tern came from there, though originally from Havnor; and they held him in great respect, although he was only a finder. The sister had vanished, perhaps gone with Otter to Endlane, where the mother lived. Early rummaged in their cloudy, witless minds, had the youngest of them tortured, and then burned them where Losen could sit at his window and watch. The King needed some diversions.. "Set a price?" he flashed out. Then he remembered who he was not, and spoke humbly. "No. I.games, so I left. Do you know what I did?" He turned, showing his teeth in a rictus of triumph. At O Port she had bought herself a decent shirt and breeches, at his suggestion, so as to look a more probable candidate for the School. Her face was windburned and scrubbed clean. Her hair was braided and the braid clubbed, like Ivory's. She had got her hands clean, too, and they lay flat on her thighs, long strong hands, like a man's..all a judgment on his son.. When he was a little boy, Golden himself had been able to make his own shadow shine and sparkle. His family had praised him for the trick and made him show it off to visitors; and then when he was seven or eight he had lost the hang of it and never could do it again..Otter, sitting by the fire shelling walnuts, held still. Mead thanked the messenger and brought him in for a cup of water and a handful of shelled nuts. She and Ayo chatted with him about his wife. "Now, as otter, he was thinking only that he would like to stay otter, be otter, in the sweet brown water, the living river, forever. There is no death for an otter, only life to the end. But in the sleek creature was the mortal mind; and where the stream passes the hill west of Samory, the otter came up on the muddy bank, and then the man crouched there, shivering.
