I drove, not paying any attention to where I was going, almost as deeply in shock as he was. I finally started looking at the street signs. I was on Mullholland. I kept going west for a long time, crossed the San Diego Freeway, into the Santa Monica Mountains. The pavement ends a couple of miles past the freeway, and there's ten or fifteen miles of dirt road before the pavement picks up again nearly to Topanga. The road isn't traveled much, there are no houses on it, and people don't like to get their cars dusty. I was about in the middle of the unpaved section when Detweiler seemed to calm down. I pulled over to the side of the road and cut the engine. The San Fer-. left-hand comer. The North Wind rumbled to himself for a while and at last confessed: "But no one has ever seen the wind." When the gag came off, the story came out, and the part of the story the jailor had slept through the grey man could guess for himself. So he untied the jailor and called the sailors and made plans for Amos' and the prince's return. Number five bad one door and four windows? identical to the other nine Lorraine assured me. The door had a heavy-duty bolt that couldn't be fastened or unfastened from the outside. The window beside the door didn't open at all and wasn't intended to. The bathroom and kitchen windows cranked out and were tall and skinny, about twenty-four by six. The other living room window, opposite the door, slid upward. The iron bars bolted to the frame were so rusted I doubted if they could be removed without ripping out the whole window. It appeared Andrew Detweiler had another perfect alibi after all? along with the rest of the world. "I'm sure," she mumbled. "You people know how long they trained Lou to fly this thing? And he." "What is it a map of?" Amos asked. He knew you should ask as many questions as possible when there were so many things you didn't know. agent that had set them up. There's no way they can wiggle out of it this time. People say how sorry they. They entered, and McKillian turned on the light and sat down on her mattress. Ralston was blinking, nervously tucked into his pile of blankets. Since the day of the blowout he never seemed to be warm enough. for our order we could walk around the cafe looking at the paintings and sculpture on exhibition by local. "Are you indeed?" asked Lea, smiling. "A piece of die mirror I am trapped in lies at the bottom of this pool. Once I myself dived from a rock into the blue ocean to retrieve the pearl of white fire I wear on my forehead now. That was the deepest dive ever heard of by man or woman, and this pool is ten feet deeper than that. Will you still try?" Neither of them bothered to answer that. The radio hi the nose sputtered, then clanged for their attention. Crawford looked over at Lang, who made no move to go answer it He stood

He didn't understand what Ed was saying in any very specific way, but he knew he agreed with him..Gus Verdugo worked in R&I. I had done him a favor once, and he insisted on returning it tenfold. I gave him everything I had on Andrew Detweiler and asked him if he'd mind running it through the computer. He wouldn't mind. He called back in fifteen minutes. The computer had never heard of Andrew Detweiler and had only seven hunchbacks, none of them fitting Detweiler's description.. "My God!" I could see her feet and, by rolling onto my back, look up at her rising above me toward the beams of the room, but I could not move. My head seemed nailed to the floor. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy?the promise of escape into a wonderful Other world?is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted *The Hobbit* for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modem Language Association seminar by calling *Dune* a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's *The Iron Dream*, a novel which vehemently denounces the genre in the same terms Wilson does), and the writers of *Bored of the Rings*, the Lampoon parody, from which came "Arrowroot, son of Arrowshirt".images bloom and expire, ten every second: the tracer is following each queen back to the egg, men the swamp and rode the back of the North Wind?" .51-52).?I?m sorry about tonight". Once the grey man raised his glasses as he watched them go but lowered them quickly, for it was the most golden hour of the sunset then. The sun sank, and he could not see them anymore. Even so, he stood at the rail a long time till a sound in the darkness roused him from his reverie: BImvghm!.There's never before been a stim star the magnitude of Jain Snow. Yet somehow the concert tonight fails. Somewhere the chemistry goes wrong. The faces out there are as always?yet somehow they are not involved. They care, but not enough..Using the tracer, an entomologist in Mexico City is following the ancestral line of a honey bee. The images bloom and expire, ten every second: the tracer is following each queen back to the egg, men the egg to the queen that laid it, then that queen to the egg. Tens of thousands of generations have passed; in two thousand hours, beginning with a Paleocene bee, he has traveled back into the Cretaceous. He stops at intervals to follow the bee in real time, then accelerates again. The hive is growing smaller, more primitive. Now it is only a cluster of round cells, and the bee is different, more like a wasp. His year's labor is coming to fruition. He watches, forgetting to eat, almost to breathe.. "They died out I know that much. People, we're not intrepid space explorers anymore. We're not the career men and women we set out to be. But the mooa went down, so we had to stop climbing, and we saw your light." .1 With the mirror safe?nor did they forget the grey man's umbrella I and sunglasses?they carried him back to the ship. Amos' plan had | apparently worked; they had managed to climb back in the ship and > get the costume from the grey man's cabin without being seen and then sneak off after him into the garden..It was late when I finally got home. All evening I'd dreaded having to face Debbie with the bad news. But when I looked in the bedroom, she was sound asleep..open. In thirteen minutes the firefight was all over. Colman stood on the gravel bank of the stream and watched as a bewildered major was led from the enemy bunker, followed by his numb staff, who joined the gaggle of disarmed defenders being herded together under the watchful eyes of smirking Third Platoon guards. The primary objective had been to take prisoners and obtain intelligence, and the crop had yielded two captains in addition to the major, a first and a second lieutenant, a chief warrant officer, a sergeant major, two sergeants, and over a dozen enlisted men. Moreover, the call-sign lists and maps had been seized intact, along with invaluable communications and weapons-control equipment. Not a bad haul at all, Colman reflected with satisfaction..I let myself into number seven with the master key. The drapes were closed, and so I took a chance and turned on the bathroom light. Detweiler's possessions were meager. Eight shirts, six pairs of pants, and a light jacket hung in the closet. The shirts and jacket had been altered to allow for the hump. Except for that, the closet was bare. The bathroom contained nothing out of the ordinary? just about the same as mine. The kitchen had one plastic plate, one plastic cup, one plastic glass, one plastic bowl, one small folding skillet..The clerk had the license with his name on it, Barry Riordan, right there in her hand. She didn't raise any further objections until he came to Number 8, whereupon she insisted she didn't have any feelings about beets whatsoever. He refused to believe her, and to prove his point he cooked up a quick dinner on her hotplate of Spam and canned beets (it was rather late by then, and they were famished).
