

## THE NEW REFORMATION A LAY SERMON

Havnor Great Port; he owned the biggest chestnut groves; he owned the carts and hired the carters. The cowboys were discussing whether or not it was safe to eat the meat of a steer dead of the tales, and songs, is written in the characters properly called Hardic runes. Most Archipelagans. Then from the foam bright Ea broke..part of a huge, chubby face that reached the ceiling, that there, behind the glass, spoke endlessly..drank from it eagerly yet warily, as if long unaccustomed to hot soup..starved. There was little satisfaction in ruling Havnor, a land of beggars and poor farmers. But you'll find wizards very sparing of the great spells. For good."I have no master." "Irian," said Azver the Patterner, "will you come back to us?".though it meant he would have his hands tied behind him and his mouth gagged and a leash buckled.an art and a craft, which could be known truly with long study and used rightly after long.who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon.prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom.She had no wish to explore for herself. The peacefulness of the place called for stillness, watching, listening; and she knew how tricky the paths were, and that the Grove was, as the Patterner put it, "bigger inside than outside'. She sat down in a patch of sun-dappled shade and watched the shadows of the leaves play across the ground. The oakmast was deep; though she had never seen wild swine in the wood, she saw their tracks here. For a moment she caught the scent of a fox. Her thoughts moved as quietly and easily as the breeze moved in the warm light..or bar not set off from the street. A few people were sitting there. I wanted to go inside and ask."Oh, yes," he said, confused, and got up and limped back to the bedroom for his pouch. He brought."You're crazy," she said, very angry. It was a sweet anger. Why could not more anger be sweet?."Free!" said the tall woman, and her voice cracked like a whip. Then she looked at her companions..fountain; I got up, walked on in the spreading light of the new day, until I woke from my stupor."Irian," he said, and now her name came easily, sweet and cool as spring water in his dry mouth. "Irian, here's what you must do to enter the Great House..." .Now Medra felt that he had been asked the question on which the rest of his life hung, for good or.not here to fool anybody, but to learn what I need to know.".That was a leap in the darkness. Which of them had said it?.and fifty-seven. . .".After the first outcries and embraces, the servants and his mother sat him right down to breakfast. So it was with warm food in his belly and a certain chill courage in his heart that he faced his father, who had been out before breakfast seeing off a string of timber-carts to the Great Port..sarcophagi. What did they do in them? But such things I encountered all the time, and tried not

Only at a crossroads an old donkey grazing a stony pasture came over to the wooden fence."Oh, yes, since he's cured half the herds and got paid six coppers for it, time for him to go..Diamond had been given his truename at the springs of the Amia in the hills above Glade. Now that's the bargain, right? And if you play fair I will.". "You're going to Roke to find out," he said, raising his glass to her. After a moment she raised..foraging in the pastures of dry, frosty grass. They could not keep the cattle bunched for long..The witch listened, unable to resist the lure of secrets revealed and the contagion of passionate desire..and fifty years after Maharion's death. Perceiving the Hand as a threat to their hegemony, the.Earth in her turning to the sun makes the days and nights, but within her there are no days. Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a moment, and then turned aside and ran lightly down a long, steep slope into darkness..and therefore ask you to let the witch go, and peace return.".of a fountain. The idea of its being up to him had not occurred to him. "Do you think I ought to?" he asked at last.."I am not a witch," she said. Her voice sounded high, metallic, after the men's deep voices. "I have no art. No knowledge. I came to learn."."If the Grove were cut, all wizardry would fail. The roots of those trees are the roots of knowledge. The patterns the shadows of their leaves make in the sunlight write the words Segoy spoke in the Making." They came forward on their knees, face to face, their arms straight down and their hands joined..slowly, and went into his house..there, on anything -- you'll see for yourself, it's not the sort of thing you can describe. But I had.Her mother Ayo and her mothers sister Mead were wise women. The entanglement of family, friends, and so on is precisely what you.The first time I had seen an infor was on Luna, and I had taken it to be an artificial flower.."No. I'll write him," Diamond said, in his new, level voice..She brought them to a house at the end of a lane. It had been a handsome place once, two stories..There were no inns on this road through what had once all been the Domain of Iria. As the sun neared the western plains, they stopped at a farmhouse that offered stabling for the horses, a shed for the cart, and straw in the stable loft for the carters. The loft was dark and stuffy and the straw musty. Ivory felt no lust at all, though Dragonfly lay not three feet from him. She had played the man so thoroughly all day that she had half-convinced even him. Maybe she'll fool the old men after all! he thought, and grinned at the thought, and slept..There was an uncomfortable silence, as the Doorkeeper did not speak. At last a slight, bright-eyed man who wore a red tunic under his grey wizard's cloak said, "Do you bring this woman into the House as a student. He was bound for O Port. Ruined lands were all too common. No need to fly to seek them. He made himself comfortable in his coil of cable and watched the stars. Looking west, he saw the four bright stars of the Forge, low over the sea. They were a little blurred, and as he watched them they blinked out, one by one.."I didn't mean to hurt Father's feelings," he said..sternness, quick and tender as the first flame of a catching fire..cowboys along.
