A cart was following them with a few odds and ends inside. He gaped at Bernard and Jay in surprise, then grinned. "Hey! So Jay dragged you out to see the sights, eh? Hello, Jay. Started making friends already?" Introductions were exchanged with smiles and handshakes. The two new Chironians were Sal, a short, curly-headed blonde who pursued research in physics at a university not far from Franklin, and Abdul, a carpenter and also one of the Founders, who lived in a more secluded area inland and looked Eskimo. Abdul's grandson, he informed them proudly, had hand-carved the original designs from which the programs for producing the interior wood fittings used at Cordova Village had been encoded. Soon afterward he began to sound out sources of support, and since his interests had put him on close terms with most of the Mission's scientific professionals, they were near the top of his list of likely recruits. Among them was Jerry Pernak, whose researches Lechat had been following with interest for several years. Accordingly, Lechat invited Pernak and Eve Verity to dinner with him one evening in the Fran?oise, a restaurant in the Columbia District frequented mainly by political and media people, and explained his situation..To the girl, Geneva said, "So you don't believe Lukipela went off

Halfway along the corridor the trolley swerved slightly because of a recently loosened castor, but Driscoll corrected it and carried on to stop in front of the guards. One of them inspected his badge and nodded to the other, who turned to unlock the door.
