When they checked into a motel, I went home and went to bed..He frowned slightly. "My dear sir, it is out of consideration for you that I have exposed you only to our lighter forms of entertainment I presume you are referring to something in the nature of a Music Hall, or Vaudeville. I assure you that, since the advent of Universal Education, even the popular taste has become too refined to tolerate the foolishness of sentimental songs and lurid melodrama. Also, please do not use again the expression you have just uttered. I mean the one beginning with the letter D. Our twentieth-century society has grown unaccustomed to language of such violence." .Lee KUthough.160.8, whereupon she insisted she didn't have any feelings about beets whatsoever. The two of them changed course and scrambled up the rope ladder hanging over the side..There was a poker in her hand.."Matthew?Matthew, I'm sorry. I didn't meant to hurt you." I was enjoying the frosty bite of the air in my nose and throat and the surreal effect of the steam rising off the dawn-pink Heliomere when I saw Amanda running up the beach toward me, her hair flying long and loose around her.."You afraid?" laughed Jack. Wells's The Island of Dr. Moreau, filmed with superbly demonic atmosphere as Island of Lost Souls in 1932. Charles Laughton, maybe the best actor yet to appear on film, gives an extraordinary performance as Dr. M., and Bela Lugosi captures the spirit of the beast men as the Speaker of the Law with the abhuman quality that characterized his Dracula. Now Burt Lancaster is one of film's most underrated actors, but his straightforward non-intellectual approach to the doctor role undermined the '70s trip to the Island; Richard Basehart didn't help matters by looking tike a beneficent Old Testament prophet in the Lugosi role. They were not anxious to get back to the task that had occupied them for the last two weeks: that of bringing the Podkayne to a horizontal position without wrecking her. The ship had been rigged with stabilizing cables soon after landing, and provision had been made in the plans to lay the ship on its side in the event of a really big windstorm. But the plans had envisioned a work force of twenty, working all day with a maze of pulleys and gears. It was slow work and could not be rushed.
