Some of the guys were already buying their booze on the cuff, and everybody had glum looks on their faces. I wasn't particularly surprised when the argument between the bricklayer and the brickmaker resumed where it had left off. This time, nobody broke it up.."No! There's no other way. Oh, not people like us, maybe. Maybe we're seeing them right now, spinning like crazy." They all looked uneasily at the whirligigs. "But I think they're not here yet I think we're going to see, over the next few years, increasing complexity in these plants and animals as they build up a biome here and get ready for the builders. Think about it. When summer comes, the conditions will be very different. The atmosphere will be almost as dense as ours, with about the same partial pressure of oxygen. By then, thousands of years from now, these early forms will have vanished. These things are adapted for low pressure, no oxygen, scarce water. The later ones will be adapted to an environment much like ours. And that's when we'll see the makers, when the stage is properly set." She sounded almost religious when she said it.."The girl-Nina?"\*..supposedly humorous complications. Finally, she started glowing."Well, there's no doubt that you have a definite communications problem. But I think it's a problem you can lick! Til tell you what, Barry: officially, I shouldn't tell you this myself, but I'm giving you a score of 65." He held up his hand to forestall an effusion. "Now, let me explain how that breaks down. You do very well in most categories?Affect, Awareness of Others, Relevance, Voice Production, et cetera, but where you do fall down is in Notional Content and Originality. There you could do better."..jabbering seriously."..Relief flooded me. "Then she's still alive." "Hey?" Jason grabbed Barry's hand and gave it an earnest squeeze. "Don't forget, if you do get your Permanent License?". "You're right," he said. "What we need is a pilot, and that pilot is Commander Weinstein. Which presents problems legally, if noodiing else. He's the captain of a ship and should not leave it. That's what kept him on the Edgar in the first place. But he did have a lot of training on the lander simulator back when he was so sure he'd be picked for the ground team. You know Winey, always the instinct to be the one-man show. So if he thought he could do it, he'd be down here in a minute to bail us out and grab the publicity. I understand they're trying to work out a heat-shield parachute system from one of the drop capsules that were supposed to ferry down supplies to us during the stay here. But it's very risky. You don't modify an aerodynamic design lightly, not one that's supposed to hit the atmosphere at ten thousand-plus kilometers. So I think we can rule that out.collars.
